## MESSAGE FROM THE PRESIDENT

### *To the Baylor University Community:*

The mission statement of Baylor University charges us to provide a Christian-based educational experience within a caring community. This Annual Fire Safety and Security Report offers resources and guidelines that will help members of the community understand and contribute to the shared responsibility of overall safety at Baylor.

Our ongoing commitment to the overall safety and security of our students can be demonstrated, in part, by the following:

- A leading Department of Public Safety staffed by experienced and expertly trained law enforcement and security professionals;
- A nationally accredited police department by the International Association of Campus Law Enforcement Administrators (IACLEA);
- Two Full-time Clery professionals leading as experts in the field;
- Physical infrastructure, including more than 1,800 cameras as part of a campus-wide surveillance system that can identify criminal and suspicious activity as it is occurring, as well as other emergency and safety systems;
- App-based mobile technologies for students to track and report activity, as well as communicate with law enforcement;
- Active police patrol in cars, bikes and on foot on campus throughout the day and night;
- Security professionals positioned in high-occupancy or high-traffic building locations throughout all hours of operation;
- A nationally recognized Office of Equity, Civil Rights and Title IX dedicated to the prevention of interpersonal and sexual violence and management of such cases if they occur.

Baylor takes the safety and security of our students, faculty and staff very seriously and has invested significantly in our ongoing commitment to overall campus security. I encourage you to take the time to read this report that outlines our clear institutional policies concerning campus safety, sexual and gender-based harassment and interpersonal violence, alcohol and drug use, crime reporting, crime prevention programs, emergency notification and response, and fire safety information.

By becoming aware of the services, training and education Baylor offers, everyone can be a part of achieving a truly safe and welcoming educational environment for all students, faculty and staff.

Sincerely,

Linda A. Livingstone, Ph.D.  
*President*

## MESSAGE FROM ASSOCIATE VICE PRESIDENT FOR PUBLIC SAFETY

### *To the Baylor University Community:*

Thank you for viewing the Baylor University Annual Fire Safety and Security Report. The report is written to comply with the requirements of the Jeanne Clery Disclosure of Campus Security Policy and Campus Crime Statistics, which is required of all institutions of higher education, whether public or private, who participate in federal financial aid programs. It is our hope that the report will be a valuable resource of safety information for you.

The Baylor University Department of Public Safety (BUDPS) continues to strive to build and strengthen community partnerships to help build a safer environment in which our students, faculty, staff, and visitors can thrive. By acting responsibly, getting involved and caring for each other, we can enhance the overall safety of the campus.

I have the privilege of leading the dedicated members of the BUDPS who care deeply about the Baylor community. Their efforts and sacrifice have enriched the Baylor experience for countless members of the Baylor Family.

We will never become complacent in the responsibility that has been given us to safeguard the calling God has on the lives of our students, faculty and staff. We continually endeavor to enhance our services to the Baylor community through extensive training, enhancing safety programs, and gaining efficiencies through program reviews. As an example of our efforts, in April 2018 the Baylor Police Department was accredited by the International Association of Campus Law Enforcement Administrators (IACLEA). The accreditation process involved compliance with 214 standards representing best practices in campus law enforcement. The BUDPS is one of 70 campus law enforcement agencies in the nation who have achieved IACLEA accreditation.

Please do not hesitate to contact me or my office if I can be of assistance.

Best Regards,

Mark Childers

*Associate Vice President for Public Safety  
Baylor University Department of Public Safety*

## ANNUAL FIRE SAFETY AND SECURITY REPORT

### Preparing the Annual Security Report

Baylor University takes pride in contributing toward a caring community through the shared institutional responsibility of safety and security.

As such, all applicable state and federal reporting laws are adhered to. This includes the Jeanne Clery Disclosure of Campus Security Policy and Campus Crime Statistics Act, which requires colleges and universities across the United States to disclose information about crime on and around their campuses occurring on Clery geography. (20 USC Section 1092(f)).

This report highlights safety practices and resources available to all current Baylor community members as well as prospective employees and students. The report includes University policies concerning campus safety and crime prevention, sexual assault, alcohol and drugs, and access to the campus. All policy statements contained in this report apply to all campuses unless otherwise indicated.

The Clery Compliance Office prepares the Annual Fire Safety and Security Report through collaboration with several University partners such as Baylor University Department of Public Safety, Student Life, Campus Living & Learning, Title IX, designated Campus Security Authorities from all Baylor campuses, and local law enforcement agencies that serve Baylor's main campus and branch campuses. In addition, BUDPS maintains close

relationships with all police departments where Baylor University owns or controls property to ensure the timely distribution of criminal incidents.

Once data has been reviewed for accuracy for each Baylor campus, the University distributes a notice of the availability of this Annual Fire Safety and Security Report by October 1st of each year to every member of the University community. This includes all constituents of the Baylor campuses.

Printed copies of this report are available upon request by contacting the Baylor University Police Department at (254) 710-2222 or in person at the Baylor University Police Department between the hours of 8 a.m. and 5 p.m. Monday through Friday. [www.baylor.edu/annualcleryreport/](http://www.baylor.edu/annualcleryreport/)

### Disclosure of Crime Statistics

Statistics concerning reported crimes that occurred on the Baylor campus and the Baylor branch campuses for the previous three years are included in this report. This includes Clery crimes that occurred within property owned, leased, or controlled by Baylor University, as well as, Clery crimes that occurred on public property immediately adjacent to or on thoroughfares running through the campuses. This report also includes any crime occurring on property utilized for the purposes of COVID-19 quarantine.

The Clery Compliance Office collects crime statistics through several methods. Police dispatchers and officers enter all directly received reports of alleged crimes through an integrated computer aided-dispatch system/records management system. After an officer enters the report in the system, a department administrator reviews the report to ensure it is appropriately classified in the correct crime category. The Baylor University Police Department (BUPD) periodically examines the data to ensure that all reported crimes are recorded in accordance with the crime definitions outlined in the FBI Uniform Crime Reporting Handbook and the FBI National Incident-Based Reporting System Handbook (sex offenses only). In addition to the crime data maintained by BUPD, statistic requests are sent to local law enforcement agencies, as well as Campus Security Authorities (CSAs) having significant responsibilities for students, employees, and University activities.

Statistics within this report generally reflect the number of criminal incidents **reported** to various authorities. Statistics reported for sub-categories on liquor laws, drug laws, and weapons offenses represent the number of people arrested or referred to campus student conduct authorities for respective violations. These statistics do not reflect convictions of guilt and may include unpreventable duplication due to anonymous reports.

Below you will find reportable Clery crime and geography definitions, as well as crime statistics for all Baylor University campuses.

## DEFINITIONS OF GEOGRAPHY

As specified in the Clery Act, the following property descriptions are used to identify the location of crimes on and around Baylor University's campus.

### ON-CAMPUS BUILDINGS OR PROPERTY

1. Any building or property owned or controlled by an institution within the same reasonably contiguous geographic area and used by the institution in direct support of or in a manner related to the institution's educational purposes, including residence halls; and
2. Any building or property that is within or reasonably contiguous to the area identified in paragraph 1 above, that is owned by the institution but controlled by another person, is frequently used by students and supports institutional purposes (such as a food or retail vendor).

### NON-CAMPUS BUILDINGS OR PROPERTY

1. Any building or property owned or controlled by a student organization that is officially recognized by the institution; or
2. Any building or property owned or controlled by an institution that is used in direct support of or in relation to the institution's educational purposes, is frequently used by students, and is not within the same reasonably contiguous geographic area of the institution.

**PUBLIC BUILDINGS OR PROPERTY** All public property, including thoroughfares, streets, sidewalks, and parking facilities, that is within the campus or immediately adjacent to and accessible from the campus.

The Baylor University crime statistics do not include crimes that occur in privately owned homes or businesses within or adjacent to the campus boundaries.

**BRANCH CAMPUS** A branch campus is always a separate campus. It is defined as a location of an institution that is geographically apart and independent of the main campus of the institution. A location of an institution is considered independent of the main campus if the location is permanent in nature, offers courses in educational programs leading to a degree or other recognized educational credential, has its own faculty and administrative or supervisory organization, and has its own budgetary and hiring authority.

## COVID-19 QUARANTINE PROPERTY UTILIZATION

### 1. Hotels or other space used by the institution for quarantine:

If an institution contracted for new space, or rented space at a hotel, to be used for student quarantine, the space should be included in the institution's Clery Act geography for the period that it was used by students. If the space was reasonably contiguous with the campus, it should be considered both on campus and an on-campus student housing facility for the period that students were assigned to live there for quarantine. If the space was reserved as a possible quarantine facility, but never used for students, it does not need to be included in the institution's Clery Act geography.

### 2. Institutional space repurposed for quarantine:

If an institution repurposed an on-campus student housing facility as quarantine space, this space should continue to be recorded as an on-campus student housing facility during this time.

If an institution repurposed a nonresidential campus facility, this space should be considered an on campus student housing facility during the time that students were assigned to live there as part of quarantine.

If an institution repurposed a noncampus facility as quarantine space, this space should continue to be recorded as a noncampus location during this time.

### 3. Clery Act geography not used due to COVID-19:

An institution's typical on-campus property should continue to be considered on-campus property even if students were not on campus due to COVID-19.

An institution's typical noncampus property that remained under the institution's ownership or control should continue to be considered noncampus property even if students were not using the location due to COVID-19.

### 4. Incidents that occurred on a remote learning platform or while students were not on Clery Act geography:

If the perpetrator or victim of a Clery Act crime was located on the institution's physical Clery Act geography, the incident should be counted.

Threats, intimidation, stalking, or other incidents that occur though an online platform would only be recorded for Clery Act purposes if the crime meets the definition of a Clery Act crime, and either the perpetrator or the victim was located on physical Clery Act geography at the time of the incident.

Students' and employees' private homes are not part of an institution's Clery Act geography unless the institution has a written agreement giving the institution control of that space. Work-from-home agreements do not give an institution control of an employee's home.

## REPORTING CRIMES AND OTHER EMERGENCIES

### Reporting to University Police

The University encourages everyone on all Baylor campuses to immediately and accurately report crimes, fires, or other emergencies. Regardless of how you decide to report these incidents, it is critical for the safety of the entire University community that you report all incidents to the appropriate police department, including when the victim of a crime elects not to report or is unable to make such a report. This will ensure an effective investigation and appropriate follow-up actions are taken. Your report could be the determining factor in establishing cause for the BUDPS to issue a "Timely Warning" or "Emergency Notification," as defined in the Clery Act 20 U.S.C. Section 1092(f).

In the event anyone has information regarding crimes or emergencies on the Baylor campuses, they should immediately notify the appropriate police department by dialing:

## Reporting to Other Campus Security Authorities

The Clery Act recognizes certain University officials and offices as Campus Security Authorities, (CSAs). These individuals are defined as an “official of an institution who has significant responsibility for student and campus activities, including, but not limited to, student housing, student discipline and campus judicial proceedings.” An official is defined as “any person who has the authority and the duty to take action or respond to particular

issues on behalf of the institution.” While the University prefers that community members promptly report all crimes and other emergencies directly to the Baylor University Police Department or the appropriate local law enforcement agency, it also recognizes that some may prefer to report to other individuals or University offices. While the University has identified several hundred campus security authorities, the following offices have been officially designated as places where campus community members may report crimes:

## Voluntary, Confidential Reporting

It is important to have a culture where people feel safe reporting wrongful conduct. The University is committed to protecting individuals from interference with making a protected disclosure and from retaliation for having made a protected disclosure, or for having refused to follow an illegal instruction as defined in the Whistleblower Policy. Baylor University encourages everyone, even those who may not wish to pursue a criminal investigation, to report crimes by filing a voluntary, confidential report. The purpose of a confidential report is to comply with wishes to keep personally identifying information confidential, while taking steps to ensure the safety of involved parties. The confidential report allows the University to compile accurate records on the number and types of incidents occurring on all Baylor campuses. Reports filed in this manner are counted and disclosed in the Annual Fire Safety and Security Report. In certain circumstances, the department may not be able to assure confidentiality and will inform involved parties in those cases. However, when a student or employee reports an incident to Baylor University their privacy will be respected to the fullest extent permitted by state law or University processes. At a minimum, crime victims will receive important counseling and referral information. The information in this section is separate and distinct from reporting to and by confidential resources.

### TO REPORT A CRIME ON THE MAIN CAMPUS:

- If there is an immediate safety concern, please contact BUPD at (254) 710-2222.
- If you believe that a student has been the victim of a sexual assault or interpersonal violence, contact the Title IX Coordinator at (254) 710-8454, or online through [titleix.web.baylor.edu](https://titleix.web.baylor.edu).

## PASTORAL AND PROFESSIONAL COUNSELORS – CONFIDENTIAL RESOURCES

Under the Clery Act, any employee who is a licensed medical, clinical, or mental-health professional (e.g., physicians, nurses, physician's assistants, psychologists, psychiatrists, professional counselors, and social workers, and those performing services under their supervision), when acting in that professional role in the provision of services to a patient; and any employee providing administrative, operational, and/or related support for such health care providers in their performance of such services is not considered a Campus Security Authority. Nor is the University Chaplain or LHSO Chaplain when acting within a ministerial or pastoral role in the provision of services to a student, faculty, or staff member. As a matter of policy, the University encourages pastoral and professional counselors to inform the persons they are counseling on available procedures to report crimes on a voluntary, confidential basis for inclusion in the annual disclosure of crime statistics.

Under Texas law, pastoral and professional counselors and other health care providers are required to report the type of the incident reported, but may not include any personally-identifiable information that would violate a student's expectation of privacy.

The Equity Office will provide a written explanation of the rights and options to each student and employee who reports an incident of sexual violence, domestic violence, dating violence, or stalking (whether the offense occurred on or off campus). For students and employees who choose to report their incidents to a Confidential Resource, the Confidential Resource will provide the written information about rights and options.

Except for Confidential Resources, all University Employees are designated Responsible Employees and thereby mandatory reporters of potential violations of the Sexual and Interpersonal Misconduct (SIM) Policy. Responsible Employees include all staff, faculty, instructors and teaching assistants. Responsible Employees must report immediately any information about suspected prohibited conduct or violations of the SIM Policy. Reports must include any known details such as identities of the parties and the date, time and location of the incident. All Baylor University employees will comply with the requirements of SB 212 **Texas Education Code Section 51.252 (c).**

## ABOUT THE BAYLOR UNIVERSITY POLICE DEPARTMENT

### Role, Authority, and Training

---

The BUPD staff consists of police officers, dispatchers, security officers, public safety officers, an administrative manager, and a records manager. Collectively, BUPD has more than 350 years of law enforcement experience.

All BUPD commissioned officers and dispatchers are licensed and certified by the Texas Commission on Law Enforcement (TCOLE). All officers and dispatchers attend a rigorous field-training program with a minimum of 400 hours of training. Training for BUPD officers and dispatchers includes all state-mandated programs and additional training to exceed the required minimum. To remain certified, BUPD officers must complete 40 hours of in-service training bi-annually, including any TCOLE mandated courses.

The Diana R. Garland School of Social Work falls within the service area of the BUPD. All branch campuses are served by the closest local law enforcement agency.

The primary purpose of Baylor police is to patrol and respond to calls within the physical campus boundaries of Baylor University. Section 51.212 of the Texas Education Code affords the Baylor Police Department Police Officers the full powers, privileges and immunities of a peace officer throughout McLennan County. Although the question of primary jurisdiction can get very technical, this expansion allows Baylor Police Officers to legally handle incidents that occur adjacent to campus.

All security working on any of the branch campuses, on a permanent basis, or security hired to work special events for Baylor University, do not have the authority of a peace officer to make arrests under the Texas Code of Criminal Procedure.

### Working Relationship with Local, State, and Federal Law Enforcement

---

On the main campus, BUPD maintains a cooperative relationship with the McLennan County District Attorney's Office, the City of Waco Police Department, McLennan County Sheriff's Office, Texas Department of Public Safety, and surrounding police agencies. BUPD is the primary reporting and investigating law enforcement agency for all crimes occurring on the BU main campus which includes the Diana R. Garland School of Social Work Waco. The Waco Police Department will be the primary reporting and investigating law enforcement agency for all crimes occurring outside the boundaries of the BU campus. Both agencies will continue to provide mutual aid assistance to each other on a daily basis. BUPD has entered into a Memorandum of Understanding with the Waco Police Department to coordinate law enforcement activities involving the two agencies. The Baylor University Office of Emergency Management (BUOEM) also works with the Waco Fire Marshal's Office on fire code compliance and as necessary on arson investigations. BUPD also works in cooperation with and

liaises with, the Federal Bureau of Investigation as well as the U.S. Attorney's Office on a regular basis.

Citations issued are adjudicated within the local McLennan County Justice of the Peace offices, located at the McLennan County Courthouse.

### Working Relationship with Local, State, and Federal Law Enforcement for Baylor's Branch Campuses

---

The Baylor branch campuses are not supported with onsite Baylor police. These campuses are supported by local law enforcement agencies. BUPD does not have a formal Memorandum of Understanding with the local law enforcement agencies at the branch campuses. BUPD does work closely with these local law enforcement agencies to address the security concerns for each branch campus.

Though the University is progressive with its policies, programs, and education, it is up to each one of us to live with a sense of awareness and use reasonable judgment while on campus.

## CRIMES INVOLVING STUDENT ORGANIZATIONS AT NON-CAMPUS LOCATIONS

Currently, Baylor University does not have student organizations housed in off-campus facilities that are officially recognized by Baylor University. However, the University requires all recognized student organizations to abide by federal, state, and local laws, and University regulations. The University may become involved in the off-campus conduct of recognized student organizations or individual students when such conduct is determined to affect a substantial University interest (as defined by the Student Code of Conduct). Baylor University relies on its close working relationships with local law enforcement agencies to receive information about incidents involving Baylor University students and recognized student organizations on and off campus. BUPD receives daily crime logs from the Waco Police Department and uses these logs to help determine if Baylor student organizations or Baylor students have committed criminal activity off campus. If BUPD learns of criminal activity involving students or student

organizations, it will coordinate with the appropriate external law enforcement agency to forward information about criminal incidents to the Division of Student Life, Title IX, or other Baylor authorities as appropriate for adjudication.

### Daily Crime and Fire Log

BUPD makes an electronic copy of the combined Campus Crime & Fire Log available to the public. This log identifies the nature, type, location, and time of each crime or fire incident reported to BUPD. This helps to keep the campus community informed of all crime for the Baylor main campus as well as other areas within BUPD's extended patrol response area. The most current 60 days of information is also available at the BUPD located on the first floor of the Speight Plaza Parking Facility, 1521 S. 4th Street.

## EMERGENCY NOTIFICATIONS, TIMELY WARNINGS, & SAFETY NOTIFICATIONS

The Baylor Department of Public Safety (BUDPS) will issue Emergency Notifications, Timely Warnings, or Safety Notifications regarding confirmed criminal activity or safety issues concerning campus.

- **Emergency Notification:** An emergency notification of an incident that is currently occurring on, or imminently threatening the campus.
- **Timely Warning:** A timely warning is notification of Clery crime(s) that have already occurred on Clery geography and are considered by the institution to represent a serious or continuing threat to students and employees.
- **Safety Notification:** A safety notification may be issued when an incident or crime has occurred and may impact members of the campus community, but an emergency notification or timely warning is not required.

BUDPS is responsible for confirming facts that indicate a notification is necessary. BUDPS has primary responsibility for issuing, coordinating, and determining content and segments of the campus that will receive notifications. Methods of delivery of Emergency Notifications, Timely Warnings, and Safety Notifications are determined by BUDPS.

### Emergency Notification

Baylor University is committed to ensuring the main campus and all branch campuses receive timely, accurate, and useful information in the event of a significant emergency or dangerous situation on campus, or in the local area, that poses an immediate threat to the health and safety of campus community members.

At the Baylor University main campus, after an emergency has been confirmed by BUDPS, a determination is made on the best

method for distribution of the emergency notification. Methods of distribution may include any of the following:

- Indoor Notification System (Main Campus Only)
- Outdoor Notification System (Main Campus Only)
- Email notification to Baylor email account ([baylor@getrave.com](mailto:baylor@getrave.com))
- Text message to cell phone
- Audio message to a cell phone or other telephone
- Official University websites (e.g., [www.baylor.edu](http://www.baylor.edu))
- Official University social media accounts (Facebook: [www.facebook.com/BaylorUniversity1845/](https://www.facebook.com/BaylorUniversity1845/); Twitter: [@Baylor](https://twitter.com/Baylor))
- Baylor Information Line (254) 710-4411
- University email distribution systems
- Radio and TV alerts through local news

## **Confirming the Existence of a Significant Emergency or Dangerous Situation and Initiating the Emergency Notification System**

Once it is confirmed there is, in fact, an emergency or dangerous situation that poses an immediate threat to the health or safety of some or all members of the campus community, the Chief of Police, Director of Emergency Management or other designee will assess the need to issue an Emergency Notification.

BUDPS will, without delay and taking into account the safety of the community, determine the content of the notification and initiate the notification system. The only instance in which there

might be a delay is in the case that issuing a notification will, in the professional judgment of responsible authorities, compromise efforts to assist a victim or to contain, respond to, or otherwise mitigate the emergency. As soon as the condition that may compromise efforts is no longer present, the University will issue the Emergency Notification to the campus community.

## **BRANCH CAMPUS**

BUDPS may become aware of emergency situations or incidents through onsite program administrators or other sources. Decisions to issue a notification will be made in coordination with Baylor Scott & White Public Safety for the School of Nursing. Baylor also works with local law enforcement agencies in Dallas, Austin, Houston, San Antonio, and New York for information pertaining to Baylor's branch campuses.

## **Determining the Appropriate Segment or Segments of the Campus Community to Receive an Emergency Notification**

For the main campus, which includes Diana R. Garland School of Social Work Waco, notifications are given to the entire community due to the size of the campus, the frequency of movement within the campus by community members, and the concept of keeping the entire community aware of significant emergencies. The University may also post applicable messages about the dangerous situation on the University homepage or utilize official University social media accounts. This will ensure the rest of the campus is aware of the situation and notified of the steps they should take to maintain personal and campus safety.

Administrators at branch campuses will notify appropriate segments of their respective campuses.

## **Determining the Contents of the Emergency Notification**

BUDPS is responsible for confirming facts that indicate a notification is necessary. BUDPS has primary responsibility for issuing, coordinating, and determining content and methods of delivery of emergency notifications, timely warnings, and safety notifications. BUDPS may delegate certain responsibilities to, or collaborate with, other Baylor offices.

## **Procedures for Disseminating Emergency Information to the Greater Community**

Depending on the situation, Baylor University may work through the Division of Marketing and Communications to notify the greater Baylor and Waco community through official university websites ([www.baylor.edu](http://www.baylor.edu)), Baylor Information Line (254-710-4411), radio, and TV alerts through local news media, and official University social media accounts (Facebook: [www.facebook.com/BaylorUniversity1845/](https://www.facebook.com/BaylorUniversity1845/); Twitter: [@Baylor](https://twitter.com/Baylor)). In emergency situations, police supervisors may authorize initiation of an Emergency Notification.

## Enrolling in the University's Emergency Notification System

---

All Baylor students, faculty, and staff are automatically enrolled into the Baylor Alert emergency notification system. University students are also encouraged to regularly update their information on Bearweb and employees may update on Ignite. For more information on Baylor Alert, visit [www.baylor.edu/emergency](http://www.baylor.edu/emergency).

## Timely Warnings

---

BUDPS is responsible for providing timely notice to the campus community in the event of a Clery Act crime that may pose a serious or ongoing threat. Timely warning determinations are made on a case-by-case basis. If they represent a serious ongoing threat, BUDPS will issue a Timely Warning for the following crimes: arson, aggravated assault, burglary, criminal homicide, dating and domestic violence, motor vehicle thefts, robbery, sexual assaults, stalking and hate crimes. BUDPS will issue these warnings through a variety of methods, including but not limited to Baylor Alert, e-mails, phone call, text messages and use of official University social media accounts.

Initial messages will indicate the severity of the message and will provide a brief description of the Timely Warning. When additional information is available, it may be provided using one or more of the methods listed above. The information received may provide vital information on what actions to take if on campus during such a situation.

In the event a Timely Warning is sent, it may include the following information: type of crime, date, time and location of crime, available suspect information, as well as safety tips to help with the risk of being involved in a similar incident.

The purpose of a Timely Warning is to notify the campus community of the incident and to provide information that may enable community members to protect themselves from similar incidents. The University will issue a Timely Warning whenever the following criteria are met:

1. A crime is committed;
2. The perpetrator has not been apprehended; and
3. There is a substantial ongoing risk to the physical safety of other members of the campus community because of this crime.

Such crimes include, but are not limited to:

1. Clery Act crimes reported to any Campus Security Authority or the local police; and where
2. The University determines that the incident represents a serious or on-going threat to the campus community.

Additionally, the BUDPS may, in some circumstances, issue a Timely Warning when there is a pattern of crimes against persons or property.

Crimes that would not present a continuing threat, and therefore, may not merit a Timely Warning, include the following:

- An isolated event between two individuals who know each other that presents no ongoing threat to the community.

- Crimes in which the perpetrator has been apprehended, thereby eliminating the threat.
- Crimes in which an identified perpetrator is only targeting specific individuals to the exclusion of others, such as domestic violence.

In cases of delayed reporting of an incident, they may be so delayed there is no possibility of issuing a Timely Warning to the community. These will be considered on a case-by-case basis depending on when and where the incident occurred, when it was reported, and the amount of information available.

The Associate Vice President of Public Safety, Chief of BUPD, Director of Emergency Management or, other assigned designees will generally make the determination that a Timely Warning is required. Anyone with information warranting a Timely Warning or Emergency Notification for Baylor University campuses may reference the list below for guidance of who to call.

## Safety Notifications

---

A Baylor safety notification may be issued when an incident or crime has occurred and may impact members of the community, but an emergency notification or timely warning is not required. For incidents involving off-campus crimes, the University may issue a Safety Notification if the crime occurred in a location used and frequented by the University population.

# EMERGENCY RESPONSE AND EVACUATION PROCEDURES

## Emergency Management at Baylor University

---

The purpose of emergency preparedness at all Baylor University campuses is to develop, organize, coordinate and lead the campus toward effective preparation for, and efficient response to, emergencies and disasters, with the primary focus on saving lives, reducing human suffering, and the minimizing of property loss and academic services.

The Baylor University Department of Public Safety (Office of Emergency Management) is responsible for emergency planning and preparedness. The Emergency Operations Plan is designed to be an all-hazards disaster response and emergency management plan that complies with FEMA's Guide for Developing High-Quality Emergency Operations Plans for Institutions of Higher Education, and other standards, all of which include planning, mitigation, response, and recovery actions.

The priorities are:

- Life safety, infrastructure integrity, and environmental protection during an emergency
- Coordination with University departments to write, maintain, test, and exercise the emergency plan
- Cooperation, integration, and mutual aid with local, state and federal agencies and their emergency plans

Baylor University is required to have in place an Emergency Action Plan per OSHA standard 29 CFR 1910.38. The plan meets all criteria of the referenced standard.

## Evacuation and Relocation

---

An evacuation notification may come from several sources, including the fire alarm system, BUPD, Campus Living & Learning Staff, other University employees, or other authorities utilizing the University's emergency communications tools.

1. Immediately evacuate if the fire alarm sounds.
2. Close office/classroom doors and turn off lights and computers.
3. Use designated corridors and fire exit stairs that lead to ground level.
4. Leave the building in an orderly manner.
5. Do not use elevators.
6. Assemble at the pre-designated Evacuation Assembly Point(s) (EAPs). EAPs will be used to provide occupants with information regarding the status of the building. "All Clear" announcements will be made at the EAPs.
7. Report any individuals left in the building to personnel.
8. Follow instruction of emergency personnel.
9. Do not re-enter the building until an "All Clear" announcement is given by emergency personnel.

If you do not currently have access to your facility's Building Emergency Action Plan, contact [Emergency\\_Management@baylor.edu](mailto:Emergency_Management@baylor.edu).

More information reflecting Baylor's evacuation procedures can be found in the fire safety section of this report.

## Other Emergency Procedures

### ACTIVE SHOOTER

**During an act of violence** (e.g. robbery, hostage situation, workplace violence, active shooter):

**AVOID starts with your state of mind.**

1. Pay attention to your surroundings
2. Have an exit plan
3. Move away from the source of the threat as quickly as possible
4. The more distance and barriers between you and the threat, the better

**DENY when getting away is difficult or maybe even impossible.**

1. Keep distance between you and the source.
2. Create barriers to prevent or slow down a threat from getting you.
3. Turn the lights off
4. Remain out of sight and quiet by hiding behind large objects and silence your phone

**DEFEND because you have the right to protect yourself.**

1. If you cannot Avoid or Deny be prepared to defend yourself
2. Be aggressive and committed to your actions
3. Do not fight fairly, this is about survival

CALL BUPD at (254) 710-2222 or 911. When Law Enforcement arrives, SHOW YOUR HANDS AND FOLLOW COMMANDS.

### COVID

Covid related information is available at [coronavirus.web.baylor.edu](https://coronavirus.web.baylor.edu).

## EXPLOSION

### In the Event of an Explosion:

1. Take cover under sturdy furniture
2. Evacuate, if safe, and pull the nearest fire alarm station to evacuate the building,
3. Call BUPD at (254) 710-2222 or 911 and provide the location of the explosion and, if known, its seriousness and any possible injuries to persons in the area. Be sure to give your name, location, and telephone number. Do not hang up until released by them.
4. Assemble at Emergency Assembly Point(s) outside the building until help arrives.
5. Advise emergency personnel about the explosion area and any persons who may have been injured.

## FLOOD

### During a flood:

1. Listen to a battery-powered radio for emergency information.
2. Evacuate as instructed by emergency personnel.

### If outdoors:

1. Climb to higher ground and stay there.
2. Avoid walking through any floodwaters. If moving swiftly, even water 6 inches deep can sweep you off your feet.

### If in a car:

1. If coming up to a flooded area, turn around and go another way.
2. If the car stalls, abandon it immediately and climb to higher ground. Many deaths have resulted from attempts to move stalled vehicles.

### During an evacuation:

1. If advised to evacuate, do so immediately.
2. Evacuation is much simpler and safer before floodwaters become too deep for ordinary vehicles to drive through.
3. Listen to a battery-powered radio for evacuation instructions.
4. Follow recommended evacuation routes – shortcuts may be blocked.
5. Leave early enough to avoid being marooned by flooded roads.

### After a flood:

1. Do not return to a flooded area until authorities indicate it is safe to do so.
2. Stay out of buildings if flood waters remain around the building.
3. Use extreme caution when otherwise entering buildings. Watch for loose plaster and ceilings that could fall.
4. Be alert for fire hazards, such as broken or leaking gas lines, flooded electrical circuits, submerged appliances, and flammable or explosive materials.

## INCLEMENT WEATHER

Baylor University Department of Public Safety (Office of Emergency Management) monitors weather and forecast information including inclement and hazardous conditions, maintains communication with the National Weather Service and coordinates with the Waco-McLennan County Office of Emergency Management.

If inclement weather conditions require changes in University operations, such as a delay or closure, the Baylor community may be notified through one or more of the University's emergency notification systems.

## TORNADO

Tornado Watches and Warnings are issued by the National Weather Service when the probability exists that a significant threat could develop over a wide area. Warnings are issued for much smaller areas and periods of time than Watches.

**TORNADO WATCH** means that conditions are favorable for tornadoes to form. Be alert to weather conditions and announcements.

**TORNADO WARNING** means that a tornado has been sighted or radar indicates rotation in the clouds. TAKE SHELTER!

### In the Event of a Tornado Warning:

At Baylor University, the following systems are used for alerting building occupants of a tornado:

1. Outdoor notification system: Waco-McLennan County Office of Emergency Management and Baylor (Main Campus Only) will activate emergency sirens during a tornado warning if a tornado is imminent.
2. Indoor Notification System (Main Campus Only)
3. Baylor Alert (text and email messages)
4. Weather radio, local media and designated staff alerting building occupants

### Indoors

1. Seek shelter immediately on a ground floor, in an interior room
2. Do not use elevators
3. Stay away from windows, doors, and outside walls
4. Avoid any wide-span roof areas such as auditorium, gymnasiums, cafeterias and large hallways

### Residence Halls

1. Residence Hall Directors and available staff will gather all residents to the Severe Weather Assembly Areas (identified on Building Emergency Plan maps throughout the facility)
2. Residents should bring blankets for protection from debris
3. Remain in the Severe Weather Assembly Areas until the tornado passes, and an All Clear is issued through Baylor Alert.

**Outdoors**

- 1. Seek indoor shelter, if possible
- 2. Parked motor vehicles are unsafe
- 3. If indoor shelter is not available and there is not time for escape, lie flat in a ditch or low spot
- 4. If you are on a flat ground and are caught in the path of a tornado, always move at right angles to its path

Supervisory personnel and course instructors are responsible for identifying and escorting individuals with mobility impairments or physical disabilities located in their offices/facilities or classrooms to safety in the event of a tornado warning.

The elevators may be used to transport individuals with mobility impairments or physical disabilities and their escorts to a safer location. Visually impaired and hearing-impaired individuals may be escorted down the stairs but may require assistance in moving in crowded staircases and in finding a safer location.

In the event of a power failure, individuals who are unable to use the stairs and their escorts should move to an interior location without windows and call the BUPD at (254) 710-2222, who will notify the appropriate emergency personnel with the location.

**Drills, Exercises and Training**

To ensure the effectiveness of its emergency preparedness at the Baylor University main campus which includes the Diana R. Garland Waco School of Social Work campus, the Baylor University Department of Public Safety (Office of Emergency Management) engages operational, academic, administrative, and external entities on a regular basis, and at least annually, with an exercise that includes testing of various aspects of Baylor University’s capabilities. As appropriate the exercises may be announced to the public for situational awareness. Following each exercise, Baylor University documents the exercise and relevant details (e.g., date, time, description, etc.). Throughout the year, BUDPS promotes emergency response and evacuation procedures, including personal preparedness, through training, outreach activities, testing of emergency notification systems and exercises.

Emergency response and evacuation procedures are tested twice annually in residence halls. During the summer semester, a fire drill is performed at occupied residence halls. Procedures are tested once per quarter at Baylor Health Services. Monthly fire drills are conducted at the Piper Child Development Center. The Baylor Scott & White Health Care System provides emergency management support to the Baylor School of Nursing.

For the Dallas Executive MBA Program, and Baylor in New York Program, emergency preparedness, including drills and exercises, are handled on a campus by campus basis by the owner of each of these facilities. In the event of an emerging incident that impacts branch campuses, program coordinators will maintain ongoing communications with Baylor University main campus as it activates its emergency plans.

**SECURITY OF AND ACCESS TO MAIN CAMPUS UNIVERSITY FACILITIES**

Baylor University is committed to campus safety and security at all campus locations.

BUPD, Physical & Technical Security, and the Baylor Facility Services are vigilant for safety and security considerations in the category of campus maintenance. Inspections of campus facilities by facilities management personnel are made regularly so repairs affecting safety and security can be made. Concerns regarding potential safety or security hazards may be reported to any of these groups:

- Baylor Facility Services (254) 710-1361
- Baylor University Police Department (254) 710-2222
- Physical & Technical Security Branch (254) 710-6617

An electronic security alarm system located at the main campus police department communication center monitors a comprehensive network of intrusion detection and duress alarm systems.

At the Baylor University main campus, administrative buildings are accessible during normal business hours. Academic buildings are scheduled to be open on weekends only as needed. Access to individual classrooms and laboratories is limited to those enrolled in the courses meeting there.

Many cultural and athletic events held in the University facilities are open to the public. Other facilities such as the bookstore, library, and performance center are likewise open to the public.

The normal access schedule for facilities that host special events varies, depending on the hours of each event.

Only individuals with demonstrated need are issued keys to a building.

**Special Considerations for Main Campus Residence Hall Access**

At the University main campus, all residence halls operate with a computerized access control system. Identification cards are programmed so that only students who are residents in a particular residence hall have access to that residence hall. The system denies entry to all unauthorized persons. BUPD Security Officers are responsible for checking and securing doors, when needed.

When a door is malfunctioning, personnel are summoned for immediate repair. All residence hall and apartment exterior doors are equipped with locks and emergency exit doors.

Only residents and their invited guests are permitted in the living areas of the residence halls. It is the resident’s responsibility to ensure that his/her guest is aware of the University and residence hall policies. Guests are not provided with room keys or door access cards. Guests must be escorted by a resident of the building at all times. All exterior doors are locked 24 hours a day, with the exception of the main lobby entrance that is staffed. When the main lobby is not staffed all exterior doors are secured and residents gain

access to their residence hall utilizing their ID access card. It is the responsibility of residents and staff members to challenge or report individuals who cannot be identified as residents or the guests of residents. BUPD Security Officers are assigned to patrol the residence hall areas from 9:00 p.m. until 7:00 a.m. Certain halls are permitted to be open during certain university closures and students gain access via the University's electronic access control system. During the summer, when groups who are not regularly associated with Baylor University are using the University's residence halls, exterior doors are locked 24 hours a day with the exception of the main lobby, which is staffed. Each guest is issued a security access card that allows him or her to gain access to their assigned building via the electronic access control system. BUDPS personnel (security officers and police officers) conduct regular checks of all residence halls.

**Security Considerations for the Maintenance of Baylor Main Campus Facilities**

At the University, locks, landscaping and outdoor lighting are designed for safety and security. Sidewalks and building entrances are illuminated to provide well-traveled, lighted routes from parking areas to buildings and from building to building.

Under the direction of the Director of Physical & Technical Security, Baylor Facilities Management, and Environmental Health and Safety conduct surveys of University property quarterly to evaluate campus lighting. At the University there are over 1000 walkway, parking lot and roadway lights that provide illumination on campus.

**SECURITY OF AND ACCESS TO DIANA R. GARLAND WACO SCHOOL OF SOCIAL WORK**

The Baylor University Diana R. Garland Waco School of Social Work is secured on a 24-hour basis. All staff may access the area 24 hours a day using an ID card. Students may access the area Monday through Friday between 7:30 a.m. to 5:15 p.m. via ID card access. Visitors needing access to the area utilize an intercom system located at the front door of the building. There is a list of contact numbers that will connect them to those that have authority to open the area. Access is limited to those enrolled in the program or otherwise authorized access.

There is no residential housing at the Diana R. Garland Waco School of Social Work.

**Security Considerations for the Maintenance of the Diana R. Garland Waco School of Social Work Campus Facilities**

At the Baylor Diana R. Garland Waco School of Social Work, exterior doorways are kept locked and monitored with camera surveillance. The parking area also offers quick and immediate access to the interior of the building.

Baylor's Diana R. Garland Waco School of Social Work was a leased facility and the property owner was responsible for

maintaining locks, landscaping, outdoor lighting, and security related systems through 2020. Baylor owns the property now and has assumed these responsibilities.

**SECURITY OF AND ACCESS TO DIANA R. GARLAND HOUSTON SCHOOL OF SOCIAL WORK**

Through May of 2022, the Diana R. Garland Houston School of Social Work at Baylor University offered its Master of Social Work program on the first and third floors of the South Main Baptist Church in downtown Houston.

Security officers were present and had to be on-site to gain access to this building. They opened and closed the exterior of the building each day. The Baylor Social Work area was restricted to Baylor affiliates, which accessed the area by a card access security system. In addition, this location was equipped with a camera doorbell that allowed personnel to view persons requesting entrance to the Baylor area without a security card.

There was no residential housing at the Diana R. Garland Houston School of Social Work.

**Security Considerations for the Maintenance of the Diana R. Garland Houston School of Social Work Campus Facilities**

Baylor’s Diana R. Garland Houston School of Social Work was in a leased facility and the property owner was responsible for maintaining locks, landscaping and outdoor lighting and all security related systems for this branch campus.

**SECURITY OF AND ACCESS TO GEORGE W. TRUETT THEOLOGICAL SEMINARY: HOUSTON CAMPUS**

Truett in Houston offers courses at the Lanier Theological Library. They are taught in-person by faculty from the Seminary’s main campus in Waco in addition to adjunct instructors in the Houston community. # BAYLOR UNIVERSITY'S RESPONSE TO SEXUAL AND INTERPERSONAL MISCONDUCT

## Introduction

Baylor University is committed to providing a safe and non-discriminatory learning, living and working environment, and in compliance with federal and state laws, has adopted policies and procedures to prevent and respond to incidents of sexual and gender-based harassment, sexual assault, sexual exploitation, stalking, domestic violence, dating violence, complicity and retaliation. The Sexual and Interpersonal Misconduct Policy (SIM Policy) governs the conduct of Baylor University students (regardless of enrollment status), faculty, staff and third parties (i.e., non-members of the University community such as vendors, alumni/ae, visitors, or local residents).

A third party may report potential policy violations committed by a member of the University community, and the University will take appropriate steps to investigate and respond. Third parties may be subject to investigation and/or other actions for alleged violations of the SIM policy; a third party who is accused of violating University policy may also be permanently barred from the University or subject to other restrictions for failing to comply with the SIM Policy. The University may take such action against third parties without providing the full rights and processes afforded to Baylor community members.

The SIM Policy applies to conduct that occurs on University Property and off University Property (i.e., off campus). The SIM Policy applies to conduct that occurs off campus when the conduct is associated with a University-sponsored program or activity such as travel, research or internship programs; when it utilizes University owned technology resources; when it is committed by a Baylor student or employee; or when such conduct may cause a continuing adverse effect or creation of a hostile environment on campus. Judgments about these matters will depend upon the facts of an individual case. For every report, the Title IX coordinator will review the circumstances of the reported conduct to determine whether the University has jurisdiction or disciplinary authority over the respondent or the conduct. The University will also take reasonable action to support a complainant through supportive measures and will assist a complainant in identifying external reporting mechanisms.

An individual may make a report to the University, to law enforcement, to neither, or to both. Campus disciplinary processes and law enforcement investigations operate independently of one another, although the University will coordinate information with the BUPD as appropriate. A report can be made as follows:

- Make a report to the Office of Equity, Civil Rights, and Title IX in person, by telephone, by e-mail, or online at [reportit.web.baylor.edu](https://reportit.web.baylor.edu).
- If on campus, contact the BUPD for assistance in filing a criminal complaint and preserving physical evidence at (254) 710-2222.
- If off campus, contact local law enforcement to file a criminal complaint at 911.

An individual may pursue some or all of these steps at the same time (e.g., one may simultaneously pursue a report through the Office of Equity, Civil Rights, and Title IX and a criminal investigation). When initiating any of the above options, an individual does not need to know whether they wish to request any particular course of action nor how to label what happened. An individual may choose to make a report and remain anonymous.

The University updates the SIM Policy from time to time as appropriate to uphold best practices and to maintain compliance with government regulations. The entire current SIM Policy may be viewed at <https://www.baylor.edu/risk/doc.php/382238.pdf>.

## Baylor's Commitment to Address Sexual and Interpersonal Misconduct

Baylor does not unlawfully discriminate on the basis of sex or gender in any of its education or employment programs and activities, and it does not tolerate unlawful discrimination or harassment on the basis of sex or gender. Violations of the SIM Policy are subject to disciplinary sanctions through:

- Office of Equity, Civil Rights, and Title IX ("Equity Office") (Students)
- Human Resources Office (Staff and students who are employed by Baylor University)
- Office of the Provost (Faculty and Adjunct Faculty)

The University and local community provide support services and assistance to victims of sexual and gender-based harassment, sexual assault, sexual exploitation, stalking, domestic violence, dating violence, and retaliation.

- The Equity Office can assist students and employees with supportive measures such as counseling, academic accommodations and resources, leaves of absence, modifications of work schedules, no contact directives, safety planning, referrals to off-campus resources, and residential accommodations.
- The Texas Crime Victim Compensation Act may allow for payment of any related medical expenses. BUPD can provide information and assistance to victims who wish to utilize this resource.
- BUPD employs a crime victim liaison who is available to all victims of violent crimes. This liaison provides support and guidance to victims and enables them to receive advocacy, information, and assistance both judicially and academically.
- BUPD staff actively participate in the McLennan County Sexual Assault Response Team (SART). This is to ensure victims are provided the appropriate care in a timely fashion and with only well-trained professionals.
- Counseling services are available to students through the Baylor Counseling Center.
- A procedure is in place that may allow the victims of violence to retroactively withdraw from a semester or individual courses.

## **Baylor's Sexual and Interpersonal Misconduct Policy Definitions**

### **A. TITLE IX SEXUAL HARASSMENT**

Title IX Sexual Harassment is Prohibited Conduct of the following types committed by or against Students and/or Employees in an

education program or activity of the University, in the United States:

Prohibited Conduct meets the definition of Title IX Sexual Harassment when:

- An Employee conditions the provision of an aid, a benefit, or a service on another Employee's or a Student's participation in unwelcome sexual conduct (i.e., Quid Pro Quo sexual harassment); or
- A Student, Employee, or Third Party (to the extent applicable) engages in unwelcome conduct on the basis of sex that would be determined by a reasonable person to be so severe, pervasive, and objectively offensive that it effectively denies another person equal access to the University's programs or activities; or
- A Student, Employee, or Third Party engages in Sexual Assault, Domestic Violence, Dating Violence, or Sexual and/or Gender-based Stalking as defined below; and
  - » The alleged conduct was perpetrated against a person in the United States; and
  - » The conduct took place within the University's programs and activities.

Conduct takes place within the "University's programs and activities" when that conduct occurs: (1) in a location, at an event, or in a circumstance where the University exercises substantial control over both the respondent and the context in which the conduct occurs; or (2) in any building owned or controlled by a student organization recognized by the University. Events that occur off campus or in locations with no connection to the University are unlikely to be considered a University program or activity.

Conduct that does not meet this strict definition for Title IX Sexual Harassment is still prohibited by the SIM Policy if it otherwise constitutes Prohibited Conduct as further defined below.

The following Prohibited Conduct definitions apply for purposes of the definition of Title IX Sexual Harassment:

1. Title IX Quid Pro Quo Sexual Harassment: Quid pro quo sexual harassment is conduct on the basis of sex by which an employee of the University conditions the provision of an aid, benefit, or service of the University on a student's or employee's participation in unwelcome sexual conduct.
2. Title IX Severe, Pervasive and Objectively Offensive Sexual Harassment: Severe, pervasive and objectively offensive sexual harassment is conduct on the basis of sex that constitutes unwelcome conduct determined by a reasonable person to be so severe, pervasive and objectively offensive that it effectively denies a student or employee equal access to the University's education program or activity.
3. Title IX Sexual Assault: As required by the May 2020 Title IX regulations, the definition of Title IX Sexual Assault used in The SIM Policy incorporates the definitions of the FBI's Uniform Crime Reporting (NIBRS) program, as follows:
  - a. Rape:
    - The carnal knowledge of a person (i.e., penile-vaginal penetration), without the consent of that person;
    - Oral or anal sexual intercourse (i.e., penile

penetration) with another person, without consent of that person; and/or

- To use an object or instrument to penetrate, however slightly, the genital or anal opening of the body of another person, without the consent of that person. An “object” or “instrument” is anything other than a penis.

- d. Fondling: The touching of the private body parts of another person for the purpose of sexual gratification, without the consent of that person (for purposes of this definition, “private body parts” means a person’s breast(s), buttock(s), genitals, or other intimate parts, and prohibited fondling may be over or under clothing).
  - e. Statutory rape: Sexual intercourse with a person who is under the statutory age of consent. Under Texas law, individuals younger than 17 years of age are legally incapable of giving consent to sexual penetration or contact by an adult (someone 18 years of age or older) who is three or more years older than the individual.
6. Title IX Domestic Violence: Title IX domestic violence is conduct that constitutes a felony or misdemeanor crime of violence committed:
    - By a current or former spouse or intimate partner of the complainant;
    - By a person with whom the complainant shares a child in common;
    - By a person who is cohabitating with, or has cohabitated with, the complainant as a spouse or intimate partner;
    - By a person similarly situated to a spouse of the complainant under the domestic or family violence laws of the jurisdiction in which the crime of violence occurred; or
    - By any other person against an adult or youth complainant who is protected from that person’s acts under the domestic or family violence laws of the jurisdiction in which the crime of violence occurred.
  7. Title IX Dating Violence: Title IX dating violence is conduct that constitutes violence committed by a person who is or has been in a social relationship of a romantic or intimate nature with the complainant. The existence of such a relationship shall be determined based on the parties’ statements and with consideration of the length of the relationship, the type of relationship, and the frequency of interaction between the persons involved in the relationship. For the purposes of this definition, dating violence includes, but is not limited to, sexual or physical abuse or the threat of such abuse. Dating violence does not include acts covered under the definition of domestic violence.
  8. Title IX Stalking: Title IX Stalking for purposes of the Title IX Sexual Harassment definition is conduct on the basis of sex that constitutes a course of conduct directed at a specific person that would cause a reasonable person to fear for the person’s safety or the safety of others or suffer substantial emotional distress. For the purposes of this definition:
    - Course of conduct means two or more acts, including, but not limited to, acts in which the respondent directly, indirectly, or through third parties, by any action, method, device, or means, follows, monitors, observes, surveils,

threatens, or communicates to or about a person, or interferes with a person’s property.

- Reasonable person means a reasonable person under similar circumstances and with similar identities to the complainant.
- Substantial emotional distress means significant mental suffering or anguish that may, but does not necessarily require medical or other professional treatment or counseling.

## B. NON-TITLE IX MISCONDUCT

Non-Title IX Misconduct is Prohibited Conduct that falls within the scope of the SIM Policy and the definitions below but that does not fall within the definition of Title IX Sexual Harassment, either due to the nature of the conduct or because it did not reportedly occur within a program or activity of the University in the United States. Such conduct is defined for purposes of the SIM Policy as:

1. Non-Title IX Sexual Assault: Sexual Assault (i.e., rape, fondling, incest or statutory rape) as defined in the Title IX Sexual Assault definition above that did not reportedly occur in a program or activity of the University in the United States.
2. Non-Consensual Sexual Contact: Any intentional touching of a person’s breast(s), buttock(s), groin, genitals, or other intimate parts without consent. Touching may be over or under clothing and may include the respondent touching the complainant, the respondent making the complainant touch the respondent or another person, or the respondent making the complainant touch the complainant’s own body.
3. Sexual and Gender-Based Harassment: Sexual harassment is any unwelcome sexual advance, requests for sexual favors, and/or other verbal or physical conduct of a sexual nature when one of the conditions outlined in (a), (b), or (c), below, is present. Gender-based harassment includes harassment based on gender, sexual orientation, gender identity, or gender expression, which may include acts of aggression, intimidation, or hostility, whether verbal or non-verbal, graphic, physical, or otherwise, even if the acts do not involve contact of a sexual nature, when one of the conditions outlined in (a), (b), or (c), below, is present.
  - (a). Submission to, or rejection of, such conduct is made implicitly or explicitly a term or condition of a person’s instruction, academic standing, employment, or participation in any University program, activity, or benefit but which does not fit within the definition of Title IX Quid Pro Quo.
  - (b). Submission to, or rejection of, such conduct by an individual is used as a basis for evaluation in making academic or personnel decisions in circumstances that do not fit within the definition of Title IX Quid Pro Quo.
  - (c). Such conduct creates a hostile environment. Under Texas Education Code Section 51.281(4) a hostile environment exists:
    - i. in the employment context, when it unreasonably interferes with a person’s work performance or

creates an intimidating, hostile, or offensive work environment; or

- ii. in the education context, when it is sufficiently severe, persistent, or pervasive that the conduct interferes with a student's ability to participate in or benefit from the University's educational programs or activities.

Offensiveness of conduct, standing alone, is not sufficient for the conduct to constitute Prohibited Conduct. To constitute Prohibited Conduct, in the employment context, it must unreasonably interfere with a person's work performance or create an intimidating, hostile, or offensive work environment; in the education context, conduct must be so severe, persistent, or pervasive that it interferes with a student's ability to participate in or benefit from the University's educational programs or activities.

A hostile environment can be created by persistent or pervasive conduct or by a single or isolated incident, if sufficiently severe. The more severe the conduct, the less need there is to show a repetitive series of incidents to prove a hostile environment. The perceived offensiveness of a single verbal or written expression, standing alone, is typically not sufficient to constitute a hostile environment. In assessing the nature and impact of the alleged harassment, the Equity Office will consider both subjective (i.e., the complainant's experience of the conduct) and objective (i.e., how a reasonable person in the complainant's circumstances would have experienced the conduct) perspectives.

Sexual harassment:

- May be blatant and intentional and involve an overt action, a threat or reprisal, or may be subtle and indirect, with a coercive aspect that is unstated.
  - Does NOT have to include intent to harm or involve repeated incidents.
  - May be committed by anyone, regardless of sex, age, position, or authority. While there is often a power differential between two persons, perhaps due to differences in age, social, educational, or employment relationships, harassment can occur in any context.
  - May be committed by a stranger, an acquaintance, or someone with whom the complainant has an intimate or sexual relationship.
  - May be committed by or against an individual, organization, or group.
  - May occur by or against an individual of any sex, gender identity, gender expression, or sexual orientation.
  - May occur in the classroom, in the workplace, in residential settings, or in any other context.
  - May be a one-time event or may be part of a pattern of behavior, if it meets the standard stated above.
  - May be committed in the presence of others or when the parties are alone.
  - May affect the complainant and/or third parties who witness or observe harassment.
4. Sexual Exploitation: Any act where one person violates the sexual privacy of another or takes unjust or abusive sexual

advantage of another but that does not fall within the definition of Title IX Sexual Harassment. Sexual exploitation may include but is not limited to:

- surreptitiously observing another individual's nudity or sexual activity or allowing another to observe consensual sexual activity without the knowledge and consent of all parties involved;
  - recording, photographing, transmitting, showing, viewing, streaming, or distributing intimate or sexual images, audio recordings, or sexual information without the knowledge and consent of all parties involved;
  - providing alcohol or drugs to a complainant with the intent to facilitate Prohibited Conduct;
  - exposing one's genitals or inducing another to expose their own genitals in non-consensual circumstances; or
  - knowingly exposing someone to or transmitting an STI or HIV.
5. Non-Title IX Domestic Violence: Domestic violence as defined in the Title IX Domestic Violence definition above that did not reportedly occur in a program or activity of the University in the United States.
  6. Non-Title IX Dating Violence: Dating violence as defined in the Title IX Dating Violence definition above that did not reportedly occur in a program or activity of the University in the United States.
  7. Non-Title IX Stalking: Stalking as defined in the Title IX Stalking definition above that did not reportedly occur in a program or activity of the University in the United States, or that otherwise fits within the definition of stalking but does not fall within the Title IX Stalking definition because the reported conduct is not directed at the alleged victim on the basis of sex.
  8. Retaliation: Retaliation means intimidating, threatening, coercing, or discriminating against any individual for the purpose of interfering with any right or privilege secured by Title IX or its implementing regulations or the SIM Policy, or because the individual has made a report or complaint, testified, assisted, participated or refused to participate in any manner in an investigation, proceeding, or hearing regarding Prohibited Conduct (including both Title IX Sexual Harassment and Non-Title IX Misconduct). Intimidation, threats, coercion, or discrimination, including charges against an individual for code of conduct violations that do not involve sex discrimination or sexual harassment, but arise out of the same facts or circumstances as a report or complaint of sex discrimination, or a report or formal complaint of sexual harassment, for the purpose of interfering with any right or privilege secured by Title IX or its implementing regulations or the SIM Policy, constitutes retaliation, as does any adverse action taken against a person for making a good faith report of Prohibited Conduct or participating in any proceeding under the SIM Policy.

Retaliation may include intimidation, threats, coercion, discrimination, harassment, or adverse employment or educational actions that would discourage a reasonable person from engaging in activity protected under the SIM Policy.

Charging an individual with a code of conduct violation for making a materially false statement in bad faith in the course of a grievance process under the SIM Policy does not constitute prohibited retaliation, provided, however, that a determination regarding responsibility is not alone sufficient to establish that any party made a materially false statement in bad faith.

Further, under Texas Education Code Section 51.254, the University will not discipline or otherwise discriminate against an employee because they have, in good faith, made a report of Prohibited Conduct to the Office of Equity, Civil Rights, and Title IX as provided below, or because they have cooperated with an investigation or resolution process relating to such a report.

9. Complicity: Any act that knowingly aids, facilitates, promotes, or encourages the commission of prohibited conduct by another person.

### C. CONSENT AND INCAPACITATION

The following definitions clarify key terminology as used throughout the SIM Policy and apply to both Title IX Sexual Harassment and Non-Title IX Misconduct.

#### CONSENT

Consent is the voluntary, informed, and freely given agreement, through words and/or actions, to participate in mutually agreed-upon acts. Consensual activity happens when each partner willingly and affirmatively chooses to participate.

In evaluating whether consent has been freely sought and given, the University will consider the presence of any force, threat of force, threats, or coercion; whether the complainant had the capacity to give consent; and, whether the communication (through words and/or actions) between the parties would be interpreted by a reasonable person (under similar circumstances and with similar identities) as a willingness to engage in a particular act. Consent cannot be obtained through physical force or where there is a reasonable belief of the threat of physical force, or when one person overcomes the physical limitations of another person.

Under Texas law, individuals younger than 17 years of age are legally incapable of giving consent to sexual penetration or contact by an adult (someone 18 years of age or older) who is three or more years older than the individual.

#### New York State Penal Law Article 130.05 - Lack of Consent:

New York State Penal Law Article 130 defines sex offenses. Section 130.05 defines lack of consent as follows:

Whether or not specifically stated, it is an element of every offense defined in this article that the sexual act was committed without consent of the victim where lack of consent results from:

- Forcible compulsion; or
- Incapacity to consent; or
- Where the offense charged is sexual abuse or forcible touching, any circumstances in addition to forcible compulsion or incapacity to consent, in which the victim does not expressly or impliedly acquiesce in the actor's conduct; or

- Where the offense charged is rape in the third degree, as defined in subdivision three of section 130.25, or criminal sexual act in the third degree as defined in subdivision three of section 130.40, in addition to forcible compulsion, circumstances under which, at the time of the act of intercourse, oral sexual conduct or anal sexual conduct, the victim clearly expressed to engage in such act, and a reasonable person in the actor's situation would have understood such person's words and acts as an expression of lack of consent to such act under all circumstances.
- A person is deemed incapable of consent when he or she is:
  - » Less than seventeen years old; or
  - » Mentally disabled; or
  - » Mentally incapacitated; or
  - » Physically helpless; or
  - » Committed to the care and custody or supervision of the state department of corrections and community supervision or a hospital, as such term is defined in subdivision two of section four hundred of the correction law, and the actor is an employee who knows or reasonably should know that such person is committed to the care and custody or supervision of such department or hospital.

#### COERCION

Coercion is the use of an unreasonable amount of pressure to gain sexual access. Coercion is more than an effort to persuade, entice, or attract another person to engage in sexual contact. When a person makes clear that they do not wish to participate in a particular activity or communicates by words or actions a decision to stop or a decision not to go beyond a certain interaction, continued pressure can be coercive. In evaluating whether coercion was used, the University will consider: (i) the frequency of the application of the pressure, (ii) the intensity of the pressure, (iii) the degree of isolation of the person being pressured, and (iv) the duration of the pressure.

Important points regarding consent include:

- Consent to one act does not constitute consent to another act.
- Consent on a prior occasion does not constitute consent on a subsequent occasion.
- Consent to an act with one person does not constitute consent to an act with any other person.
- The existence of a prior or current relationship does not, in itself, constitute consent; even in the context of a relationship, there must be mutual consent.
- Consent can be withdrawn or modified at any time, and the act must cease immediately once consent is withdrawn.
- Consent cannot be inferred from silence, passivity, or lack of resistance.

#### INCAPACITATION

Incapacitation is the inability, temporarily or permanently, to give consent because the individual is mentally and/or physically helpless, either voluntarily or involuntarily, or the individual is unconscious, asleep, or otherwise unaware that the activity is occurring. In addition, an individual is incapacitated if they demonstrate that they are unaware at the time of the incident of where they are, how they got there, or why or how they became engaged in an act.

The use of alcohol or other drugs can lower inhibitions and create an atmosphere of confusion about whether consent is effectively sought and freely given. When alcohol is involved, incapacitation is a state beyond drunkenness or intoxication. When drug use is involved, incapacitation is a state beyond being under the influence or impaired by use of the drug. Alcohol and other drugs impact each individual differently and determining whether an individual is incapacitated requires an individualized assessment.

The University does not expect community members to be medical experts in assessing incapacitation. Individuals should look for the common and obvious warning signs that show that a person may be incapacitated or approaching incapacitation. A person's level of intoxication is not always demonstrated by objective signs; however, some signs of intoxication may include clumsiness, difficulty walking, poor judgment, difficulty concentrating, slurred speech, vomiting, combativeness, or emotional volatility. A person who is incapacitated may not be able to understand some or all of the following questions: "Do you know where you are?" "Do you know how you got here?" "Do you know what is happening?" "Do you know whom you are with?"

An individual's level of intoxication may change over a period of time based on a variety of subjective factors, including the amount of substance intake, speed of intake, body mass, and metabolism. Because the impact of alcohol and other drugs varies from person to person, the amount of alcohol and/or drugs a person consumes may not be sufficient, without other evidence, to prove that they were incapacitated under the SIM Policy.

Another effect of alcohol consumption can be memory impairment or forgetting entire or partial events (sometimes referred to as "black-out" or "brown-out"). A person may experience this symptom while appearing to be functioning "normally," including communicating through actions or words that seem to express an interest in engaging in sexual conduct. Whether sexual conduct with a person who is "black-out" constitutes Prohibited Conduct depends on the presence or absence of the observable factors indicating that a person is also incapacitated, as described above. Total or partial loss of memory alone, may not be sufficient, without other evidence, to prove that a person was incapacitated under the SIM Policy.

In evaluating consent in cases of reported incapacitation, where the information is sufficient to raise the possibility that the complainant was incapacitated, the University asks two questions: (1) Did the respondent know that the complainant was incapacitated? and if not, (2) Should a sober, reasonable person in a similar set of circumstances as the respondent have known that the complainant was incapacitated? If the answer to either of these questions is "yes," the complainant could not consent and the conduct is likely a violation of the SIM Policy.

A respondent's voluntary intoxication is never an excuse for or a defense to prohibited conduct, and it does not diminish the responsibility to determine that the other person has given consent and has the capacity to do so.

## Options for Complainants and Other Reporting Parties

---

The University encourages all individuals to report prohibited conduct or a potential violation of the SIM Policy to the Office of Equity, Civil Rights, and Title IX, the BUPD, and/or to local law enforcement. A complainant has the right to report, or decline to report, potential criminal conduct to law enforcement. Upon request, the University will assist a complainant in contacting law enforcement at any time. Under limited circumstances posing a threat to health or safety of any University community member, the University may independently notify law enforcement.

Anyone who seeks to make a complaint or report may:

- File a report with the Equity Office at (254) 710-8454, **TitleIX\_Coordinator@baylor.edu** or **www.Baylor.edu/titleix/report**.
- Request interim or supportive measures from the Title IX Coordinator **www.Baylor.edu/titleix/report**.
- Contact BUPD at (254) 710-2222 for assistance in filing a criminal complaint, preserving evidence, or if there is an immediate safety concern.
- If the misconduct occurred off campus, contact local law enforcement to file a criminal complaint, if immediate assistance is needed, call 911.
- If the misconduct occurred at or near a branch campus, contact the appropriate local law enforcement agency to file a criminal complaint. Information regarding the appropriate local law enforcement agency is listed for each branch campus within this document.

An individual may pursue some or all steps at the same time (e.g., one may simultaneously pursue a report through the Equity Office and a criminal investigation). When initiating any of the above options, an individual does not need to know whether he/she wishes to request any particular course of action nor how to label what happened.

Those who decline to report to law enforcement, are still entitled to all available resources provided by Baylor University.

Any student or employee who reports an incident of sexual violence, domestic violence, dating violence or stalking, (whether the offense occurred on or off campus), shall receive a written explanation of their rights and options from the Equity Office.

See the section below titled "CONFIDENTIALITY AND CONFIDENTIAL RESOURCES" for information on Baylor's Confidential Resources.

### 1. ANONYMOUS REPORTING

Students and third parties can make an anonymous report by submitting information on the Baylor website: **www.Baylor.edu/titleix/report**. Based on the nature of the information submitted, the University's ability to respond to an anonymous report will likely be limited.

2. REQUESTS FOR ANONYMITY

Once a report has been shared with the Equity Office, a complainant may also directly request that their identity remain private (request for anonymity), that no investigation occur, or that no disciplinary action be taken. The University will carefully balance this request with the University’s commitment to provide a non-discriminatory environment, and the respondent’s right to have specific notice of the allegation(s) if the University were to take action that affects the respondent. In such circumstances, the Title IX Coordinator may arrange for preliminary fact-finding by an investigator to gain a better understanding of the context of the complaint or take other appropriate steps, including consulting with the University’s threat assessment group.

3. AMNESTY

The University wishes to encourage good faith reports of conduct prohibited under the SIM Policy. Therefore, the University will not pursue disciplinary action against a student enrolled at the University who makes a good faith report to the University as a complainant or a witness to an incident of prohibited conduct for a violation by the student of the University’s Student Conduct Code. Similarly, the University will not pursue disciplinary action against a complainant, respondent, or witness for disclosure of a violation of Campus Living & Learning’s visitation policy or of personal consumption of alcohol or other drugs (underage or illegal) where the disclosure is made in connection with a good faith report or resolution process and the personal consumption did not place the health or safety of any other person at risk, regardless of the outcome of the University’s resolution process.

Additionally, the University will not pursue disciplinary action against students (complainants, respondents, or witnesses) for conduct in violation of the Sexual Conduct Policy. Under no circumstances will a complainant or witness who makes a report of sexual assault or other Prohibited Conduct, or a respondent who participates in a resolution process, be charged with violating the Sexual Conduct Policy, regardless of the outcome.

The University may investigate to determine whether a report of Prohibited Conduct was made in good faith. A student will not receive amnesty for reporting an incident involving their own commission or assistance in the commission of Prohibited Conduct. A student who makes a report, but is later found responsible for Prohibited Conduct at or near the time of the incident, may not be entitled to a determination that the report was made in good faith. Granting of amnesty is final and may not be revoked. Even when amnesty is extended, the University may initiate an assessment or educational discussion or pursue other non-disciplinary options regarding alcohol or other drug use.

4. TIMEFRAME FOR REPORTING

Complainants and other reporting individuals are encouraged to report any violation of the SIM Policy as soon as possible in order to maximize the University’s ability to respond promptly and effectively. There is no time limit for reporting. Reports under the SIM Policy may be made at any time without regard to how much time has elapsed

since the incident(s) in question. If the respondent is no longer a student or employee at the time of the report, the University may not be able to take disciplinary action against the respondent. However, in such circumstances, the University may still provide support for the complainant and take steps to restore or preserve the complainant’s equal access to University education programs or activities. The University may also assist the complainant in identifying and contacting law enforcement and other external enforcement agencies.

## **Victim Privacy and Confidentiality**

---

Baylor University recognizes the sensitive nature of sexual and gender-based harassment, sexual assault, sexual exploitation, stalking, intimate partner violence, and retaliation issues and is committed to protecting the privacy of any individual who reports these incidents. Different officials on campus are, however, able to offer varying levels of privacy to victims. Some portions of reports made to law enforcement, (including cases where criminal prosecution is pursued), may be made public through Public Information Act requests and shared with the accused, although personally identifiable information may be redacted.

The University does not publish the names of crime victims or other identifiable information regarding victims in the Daily Crime Log or annual crime statistics. Pursuant to the Clery Act, the University includes statistics about certain offenses in this report and provides those statistics to the United States Department of Education in a manner that does not include any personally identifying information about individuals involved in an incident.

The Clery Act also requires the University to issue Timely Warnings to the University community about certain crimes that have been reported and may continue to pose a serious or continuing threat to campus safety. Consistent with the Clery Act, the University withholds the names and other personally identifying information of complainants when issuing Timely Warnings to the University community.

## **CONFIDENTIALITY, CONFIDENTIAL RESOURCES, QUALIFIED CONFIDENTIALITY, AND PRIVACY**

Issues of privacy and confidentiality play important roles in Baylor's SIM Policy and may affect individuals differently. While they are closely related, the concepts of privacy and confidentiality are distinct terms that are defined below. In some circumstances, the reporting responsibilities of University employees, or the University's responsibility to investigate, may conflict with the preferences of the complainant and/or respondent with regard to privacy and confidentiality. Therefore, all individuals are encouraged to familiarize themselves with their options and responsibilities and make use of Confidential Resources, if applicable, in determining their preferred course of action.

Requests for confidentiality or use of anonymous reporting may limit the University's ability to respond fully to the incident, including taking disciplinary action against the respondent.

**CONFIDENTIALITY** refers to the protections provided to information disclosed in legally-protected or privileged relationships under Texas state law, including licensed professional mental health counselors, licensed medical professionals, and ordained clergy.

These confidential resources can engage in confidential communications under Texas law when the information is disclosed within the scope of the provision of professional services. When an individual shares information with a confidential resource (on campus or in the community) as a confidential communication in the course of a protected relationship, the confidential resource cannot disclose the information (including information about whether an individual has received services) to any third party without the individual's written permission or unless required by ethical or legal obligations that compel the professional to reveal such information. For example, information may be disclosed when the individual gives written consent for its disclosure, there is an imminent concern that the individual will likely cause serious physical harm to self or others, or the information concerns conduct involving suspected abuse or neglect of a minor under the age of 18. A person's medical and counseling records are privileged and confidential documents.

Confidential resources submit non-personally-identifying information about Clery-reportable crimes for purposes of anonymous statistical reporting under the Clery Act. This information may be reported by utilizing the [reportit.web.baylor.edu](https://reportit.web.baylor.edu) website. Additionally, as required by Texas Education Code Section 51.252, Confidential Resources will report non-personally identifiable information about incidents of sexual harassment, sexual assault, dating violence, and stalking to the Equity Office for purposes of statistical reporting.

**CONFIDENTIAL RESOURCE** A Confidential Resource is any employee who is a licensed medical, clinical, or mental-health professional (e.g., physicians, nurses, physician's assistants, psychologists, psychiatrists, professional counselors, social workers, and those performing services under their supervision), when acting in that professional role in the provision of services to a

patient; and any employee providing administrative, operational, and/or related support for such health care providers in their performance of such services. Employees in the University Counseling Center and University Health Center are confidential resources. The Baylor University Chaplain and the Chaplain assigned to the Louise Herrington School of Nursing in Dallas are also a Confidential Resource when acting within a ministerial or pastoral role in the provision of services to a student. Other members of the Office of Spiritual Life, Resident Chaplains and Athletic Chaplains are not Confidential Resources.

Unless given permission to disclose more information by the complainant, Confidential Resources will only disclose the type of incident and not personally identifiable information such as the individual's name or other identifying details to the Equity Office.

When individuals who otherwise may be Confidential Resources receive information outside of the provision of services to a patient or Baylor University Chaplain ministerial relationship, the Confidential Resource is required to share that information with the Equity Office.

**QUALIFIED CONFIDENTIALITY AND PRIVACY** May 2020 Title IX regulations issued by the Department of Education contemplate that certain information will generally be treated confidentially, except as qualified by statements in those regulations. For example, the regulations provide that Baylor University must maintain as confidential any supportive measures provided to a complainant or respondent, to the extent that maintaining such confidentiality would not impair the ability of the institution to provide the supportive measures. The regulations also provide that Baylor University must keep confidential the identity of any individual who has made a report or complaint of sex discrimination, including any individual who has made a report or filed a formal complaint of sexual harassment, any complainant, any individual who has been reported to be the perpetrator of sex discrimination, any respondent, and any witness, except as may be permitted by the Family Educational Rights and Privacy ("FERPA") statute, 20 U.S.C. 1232g, or FERPA regulations, 34 CFR part 99, or as required by law, or to carry out the purposes of the Title IX regulations, including the conduct of any investigation, hearing, or judicial proceeding arising under those regulations.

This means that discretion will be exercised by the University in the course of any investigation or other processes under the SIM policy. Information related to a report of Prohibited Conduct will be shared with a limited circle of University employees who need to know in order to assist in the assessment, investigation, and resolution of the report and related issues. University employees receive training in how to safeguard private information. The University will make reasonable efforts to investigate and address reports of Prohibited Conduct under the SIM policy, and information may be disclosed to participants in an investigation as necessary to facilitate the thoroughness and integrity of the investigation.

The privacy of student education records is governed by the Family Educational Rights and Privacy Act (FERPA). The privacy of an individual's medical and related records generally is governed by the Health Insurance Portability and Accountability Act (HIPAA)

and Title 2, Chapter 81 and Title 4, Chapter 241, Subchapter G, of the Texas Health & Safety Code, and Chapter 144 of the Texas Civil Practice and Remedies Code, excepting health records protected by FERPA. Access to an employee's personnel records in Texas is governed by Chapter 103 of the Texas Labor Code.

Texas law requires that any person who suspects that a child 17 years of age or younger, a person 65 years of age or older, or an adult with disabilities is or was being abused, neglected or exploited must report immediately all known information to the Department of Family and Protective Services (DFPS). Moreover, a report will be made if it is determined that the alleged perpetrator continues to have access to minors, even if the complainant has turned 18.

## **SAFEGUARDING THE PRIVACY OF COMPLAINANTS AND RESPONDENTS**

The University will not restrict the ability of either party to discuss the allegations under investigation or to gather and present relevant evidence, but all individuals involved in proceedings under the SIM Policy are encouraged to exercise discretion in sharing information about such allegations in order to safeguard the integrity of the process and to avoid potential retaliation-related concerns.

In accordance with Chapter 57 of the Texas Code of Criminal Procedures, victims may use a pseudonym to protect their identity when reporting sexual violence offenses or family violence offenses to Texas law enforcement agencies. A pseudonym is a set of initials, or a fictitious name, chosen by the victim to be used in all public files and records concerning the sexual assault.

## **Procedures Recommended by Law Enforcement for Victims**

---

If an incident of sexual or gender-based harassment, sexual assault, sexual exploitation, stalking, dating violence, domestic violence, or retaliation occurs, it is important to preserve evidence to aid in the possibility of a successful criminal prosecution. While preserved evidence is very helpful, a lack of preserved evidence should never prevent or discourage a victim from reporting misconduct. Victims are strongly encouraged to take the following steps:

- Get to a safe place as soon as possible!
- Try to preserve all physical evidence. This evidence is critical
- In cases of sexual assault, do not bathe, douche, use the toilet, shower, brush teeth, or change clothing until you have had a medical exam. Any clothing removed should be placed in a paper bag. Contact a close friend or relative, if available, who can provide support and accompany the victim to the medical exam and/or police department. Advocates are available to the victim to provide support.
- When appropriate, get medical attention as soon as possible – An exam may reveal the presence of physical injury of which the victim is unaware. Following a sexual assault, prescriptions for antibiotics are typically given at the time of the exam to help prevent the victim from acquiring certain sexually transmitted infections. Emergency contraceptive pills are offered to all

victims at the time of the exam (if the victim presents within 120 hours) to help prevent pregnancy from occurring as a result of the sexual assault. If the victim reports memory loss, loss of consciousness or other circumstances suspicious for a drug-facilitated assault, a urine test may be done if the victim presents within 96 hours. Some of the commonly used "date rape" drugs, however, are only detectable in the urine for 6 to 8 hours after ingestion.

- Document evidence of violence, such as bruising or other visible injuries, following an incident of domestic or dating violence including through the preservation of photographic evidence.
- Evidence of stalking including any communication, such as written notes, voice mail or other electronic communications should be saved and not altered in any way.
- Contact the police. It is vital to report these crimes in a timely manner. It is important to remember reporting a crime does not require that criminal charges must be filed with the District Attorney's Office. The decision to prosecute may be made at another time. If the complainant decides to pursue charges, the District Attorney's Office will review the case and determine if they are able to move forward with the prosecution of the case.
- Consider talking to a counselor – Seeing a counselor may be important in helping the victim understand his/her feelings and begin the process of recovery

## Personal Safety

---

Despite the best efforts of law enforcement, crimes do occur on campuses. It is important to report any suspicious incidents to police and always remain alert and vigilant.

Some crimes that too often are unreported are sexual and gender-based harassment, sexual assault, sexual exploitation, stalking, domestic violence, dating violence, and retaliation. It is important to know what these crimes are, because in many cases, victims do not realize they have been victimized. Additionally, crimes of this nature can be very difficult for victims to report for a number of very complex reasons.

There are guidelines that can help you prevent crimes such as:

- Know your surroundings
- Be alert
- Call for help
- Report any suspicious people and/or activity, immediately

## **Supportive Measures**

---

Upon receipt of a report of Prohibited Conduct, the University will consult initially with the complainant and provide reasonable and appropriate supportive measures designed to preserve the parties' educational experiences; protect the parties during an investigation; address safety concerns for the broader University community; maintain the integrity of the resolution process; and/or deter retaliation. At the appropriate time, the University will also consult with the respondent regarding supportive measures. Supportive measures are non-disciplinary, non-punitive individualized services offered as appropriate, as reasonably

available, and without fee or charge to the complainant or the respondent. Such measures are designed to restore or preserve equal access to the University's education program or activity without unreasonably burdening the other party, including measures designed to protect the safety of all parties or the educational environment, or deter sexual harassment. Supportive measures may be provided at any time, regardless of whether an investigation and resolution process has been initiated or completed.

Whether a student or employee reports to law enforcement and/or pursues any formal action, if they report an incident of sexual assault, sexual harassment, domestic violence, dating violence or stalking, Baylor University is committed to providing them as safe a learning or working environment as possible. Upon request, Baylor University will make any reasonably available change to a victim's academic, living, transportation, and/or working situation. Complainants may contact the Title IX Coordinator at Clifton Robinson Tower, 700 S. University Parks Dr., Suite 285, (254) 710-8454. The Title IX Coordinator or their designee will provide the Complainant with their notice of rights and options.

The availability of supportive measures will be determined by factors such as the specific circumstances of each report, the party's wishes regarding supportive measures, and an individualized assessment of the circumstances of each case. Making every effort to avoid depriving all parties of their education, the University will consider a number of factors in determining which measures to take, including the needs of the student or employee seeking supportive measures; whether the complainant and the respondent share the same residence hall, academic course(s), or job location(s); and whether judicial measures have been imposed (e.g., protective orders). Requests for supportive measures may be made by either party to the Equity Office.

The University may also issue a no-contact directive, which is an administrative remedy designed to curtail contact and communications between two or more individuals. No-contact directives issued by the University are not criminally enforceable. Violations of no-contact orders are enforced through University disciplinary processes.

Law enforcement agencies, including BUPD may assist victims in obtaining a protective order from the appropriate court. The University will work in good faith to implement the requirements of judicially-issued protective orders and similar orders, to the extent that doing so is within its authority. A protective order can contain several provisions to protect victims from any further harm, including no-contact provisions. In Texas, a violation of a protective order is a criminal offense and the violator may be immediately arrested without having to procure an arrest warrant.

## **Violence Against Women Act (VAWA) Sexual Violence Education Programs**

---

Baylor University is committed to increasing the awareness of and prevention of sexual assault, sexual harassment, domestic violence, dating violence and stalking ("VAWA crimes"); and by

policy prohibits these crimes. Baylor provides education programs to prevent VAWA crimes for new and incoming students and employees as well as ongoing education for current students and employees. These trainings collectively address the university's prohibition of these types of crimes, the definitions of these types of crimes in the applicable jurisdiction, the definition of consent in the applicable jurisdiction, descriptions of safe and positive options for bystander intervention and information on risk reduction. These programs include:

### **MERIDIANS: TITLE IX TRAINING (FACULTY/STAFF TRAINING)**

The SIM Training Course for Faculty and Staff is an online course that meets federal mandates requiring education on Title IX and the Violence Against Women Act. This mandatory course helps each faculty and staff member be more aware of situations in which interpersonal and sexual violence may occur and understand their responsibilities in reporting and aiding students and colleagues who have experienced interpersonal or sexual violence. Faculty and staff are assigned this mandatory course on an annual basis.

All employees who have NOT been identified as a Confidential Resource ARE designated as a Responsible Employee.

### **VOICES FOR CHANGE (STUDENT TRAINING)**

The SIM Training Course for incoming students is a federally mandated overview course about Title IX and the Violence Against Women Act. This course teaches Baylor students to identify interpersonal and sexual violence, learn where they can go for assistance if something were to happen to them or someone they know, and teaches the elements of Bystander Intervention. This course is mandatory for all incoming students to complete.

### **SET THE STANDARD CAMPAIGN**

All first year and new transfer undergraduate students are required to attend this event to learn about interpersonal and sexual violence prevention as well as bystander intervention. The program includes:

- Awareness of interpersonal violence (sexual assault, sexual and gender-based harassment, stalking, dating/domestic violence, sexual exploitation)
- University policies
- How to report incidents
- Equity Office information
- How to get help (confidential resources, University disciplinary process, criminal prosecution options)
- Prevention (combination of risk reduction and bystander intervention).

The Equity Office continues to work with several different departments on campus including the Counseling Center to increase risk reduction programs designed to decrease perpetration and bystander inaction, promote safety, and to help individuals and communities address conditions that facilitate violence.

## STUDENT RESPONSIBLE EMPLOYEE TRAINING

The Equity Office gives in-person trainings for Student Employees. At Baylor, Student Employees are considered Responsible Employees within the scope of their employment and have a duty to report incidents of alleged prohibited conduct to the Equity Office. These trainings help them to understand their responsibility to report, how to identify prohibited conduct under SIM, how to implement trauma-informed practices to assist someone who is disclosing, and the logistics of making a report to the Equity Office.

## ONGOING STUDENT-ATHLETE WORKSHOPS

The Athletics Department has committed to do annual training with all student athletes to cover a range of topics including: healthy relationships, prohibited conduct, consent, and resources.

## HOW TO BE AN EFFECTIVE BYSTANDER

Bystanders play a critical role in the prevention of sexual, gender-based and intimate partner violence. They are individuals who observe violence or witness the conditions that perpetuate violence. They are not directly involved but can choose to intervene, speak up or do something about it. We want to promote a caring community where bystanders are actively engaged in the prevention of violence. We may not always know what to do even when we want to help. If you or someone else is in immediate danger, dial 911. Trust and follow your instincts when considering direct intervention or calling the police. Below is a list of some ways to be an effective bystander.

- Be a Good Samaritan. If you observe someone who seems to be in distress, see if they need help. Ask them if they are ok. If they are incapacitated or ask for help, get them the aid they need.
- We all have barriers to intervening, but we have options, and can find the best way to get involved. Even a quick phone call to the authorities can bring a positive resolution to an incident.
- You can safely confront individuals, call the authorities when you observe someone trying to take advantage of an individual, or cause a distraction to diffuse the situation.
- If you become aware of someone making plans to incapacitate an individual or group of individuals, safely confront them or call the authorities.

If someone confides in you that they were the victim of sexual or gender-based harassment, sexual assault, sexual exploitation, stalking, intimate partner violence, or retaliation, encourage them to report the incident and refer them to the Baylor University resources and assistance listed above.

## EVERY CHOICE BYSTANDER

The Counseling Center sponsors an online course entitled "Every Choice." This program also provides students and employees recognition and intervention strategies if they find themselves as bystanders to preparatory acts of sexual assault, sexual harassment, domestic violence, dating violence or stalking.

The Baylor University Counseling Center has helpful information on its website to assist those who may be in an abusive domestic or dating relationship or the victim of stalking.

## AWARENESS EVENTS, OUTREACH INITIATIVES, AND WORKSHOPS

The Equity Office hosts various events, initiatives, and workshops to increase awareness of relevant topics, highlight resources on and off campus, and foster a culture of respect and care for all members of the Baylor Community. Additionally, departments and organizations across campus may request tailored programming to meet their needs. Listed below are examples of such programs.

- Hook-up Culture and its Effects
- Rape Culture and its Effects
- Healthy Relationships Workshop
- Bystander Intervention Workshop
- Healthy Masculinity Workshop
- Consent Workshop
- Invited guest speakers who address related topics

## Baylor Policy Statement on Campus Adjudication Process

---

Baylor University strictly prohibits all acts of sexual and gender-based harassment, sexual assault, sexual exploitation, stalking, domestic violence, dating violence, retaliation and complicity. In addition to facing criminal charges, students, employees and affiliates may also face disciplinary action by Baylor University. The Office of Equity, Civil Rights, and Title IX will handle all investigations of alleged violations of the Sexual and Interpersonal Misconduct Policy ("SIM Policy").

## RESOLUTION PROCEDURES FOR THE SIM POLICY

The University is committed to providing a prompt, thorough, equitable, and impartial resolution of all reported violations of the SIM Policy. The University uses two processes to resolve reports of prohibited conduct under the SIM Policy when a formal complaint has been filed by a complainant or signed by the Title IX Coordinator: Disciplinary Resolution and Adaptable Resolution. Disciplinary Resolution involves an investigation and adjudication, and Adaptable Resolution includes informal or restorative options for resolving reports.

Also, in cases in which an investigation will not be conducted under the SIM policy, the Equity Office may itself or in collaboration with or referral to other University offices, undertake efforts such as educational conversations with individuals, educational programs for departments or groups, or other efforts designed to improve the campus environment and/or address concerns about behavior that may implicate this policy. An example of such a case would include a situation where a complainant does not wish to participate in a formal investigation and resolution process and the University can respect that wish due to the nature and level of the reported conduct, but where some action is nonetheless deemed appropriate by the Equity Office.

Baylor University will disclose to the alleged victim of a crime of violence, or a non-forcible sex offense, the report on the results of any disciplinary proceeding conducted by such institution against a student who is the alleged perpetrator of such crime or offense. If the alleged victim is deceased as a result of such crime or offense, the next of kin of such victim shall be treated as the alleged victim for purposes of this paragraph.

## **EMERGENCY REMOVAL AND ADMINISTRATIVE LEAVE**

Where there is an immediate threat to the physical health or safety of any student or other individual arising from the alleged Prohibited Conduct, the University can remove a student or employee respondent from its education program or activity (which may include removing an employee respondent from their employment at the University) and issue any necessary related no-trespass and no-contact orders. The Title IX Coordinator will make the decision to remove a respondent from its education program or activity based on an individualized assessment and risk analysis. The Title IX Coordinator may consult with other University personnel, departments or teams to assist in the individualized assessment and risk analysis. If the University makes such a decision, the respondent will be provided with notice and an opportunity to challenge the decision immediately following the removal. The University always maintains the discretion to place employee respondents on paid or unpaid administrative leave during the pendency of an investigation and resolution process.

## **TIMING OF INVESTIGATIONS AND RELATED DISCIPLINARY PROCEEDINGS**

The University will seek to complete the fact-gathering portion of the investigation in approximately 90-calendar-days following issuance of the Notice of the Investigation. The SIM Policy designates reasonably prompt timeframes for the major stages of the investigation and resolution process (typically set forth in business days), but the University may extend any timeframe in the SIM policy for good cause. An extension may be required for good cause to ensure, for example, the integrity and thoroughness of the investigation; to comply with a request by law enforcement; on account of the unavailability of the parties or witnesses; or for other legitimate reasons, such as intervening breaks in the University calendar, University finals periods, the complexity of the investigation, the volume of information or length of the written record, and/or the severity and extent of the alleged misconduct. While requests for delays by the parties may be considered, the University cannot unduly or unreasonably delay the prompt resolution of a report under the SIM Policy.

Reasonable requests for delays by the parties will serve to extend the 90-calendar-day time period for investigation of the report. The Title IX Coordinator, in consultation with the investigator, has the authority to determine whether an extension is required or warranted by the circumstances. The University will notify the parties in writing of any extension of the timeframes for good cause and the reason for the extension.

Timeframes for all phases of the disciplinary process, including the investigation, any related disciplinary proceedings, and any related review of the finding, apply equally to both the complainant and the respondent.

## **DISCIPLINARY RESOLUTION PROCEDURES WHEN THE RESPONDENT IS A STUDENT**

If the University initiates an investigation under the SIM policy, it will provide the parties with a written notice of investigation that includes but is not limited to the following: information about the University's resolution processes; a statement of the allegations of behavior potentially constituting Prohibited Conduct, including sufficient details known at the time including the identities of the parties involved in the incident, the conduct allegedly constituting Prohibited Conduct, and the date and location of the alleged incident, if known; the name of the investigator and how to challenge participation by the investigator on the basis of a conflict of interest or bias. During the disciplinary resolution process, both parties have equal rights, including the opportunity to receive a written notice of investigation; to participate in the investigation; to review and present information and evidence; to be accompanied by an advisor of their choice to any meeting; to timely and equal access to information; to timely notice of meetings at which their presence will be requested or required; to simultaneous written notice of the determination, rationale, and, as appropriate, any sanction; and to an appeal of the finding.

Additionally, each party has the right to consult with an advisor of their choosing. The advisor may be any person, including an attorney. The parties may be accompanied by their respective advisor at any meeting or proceeding related to the investigation and resolution of a report under the SIM Policy. While the advisor may provide support and advice to the party at any meeting and/or proceeding, the University has established restrictions regarding the extent to which the advisor may participate in the proceedings. An advisor may not speak on behalf of the party or otherwise participate in, or in any manner delay, disrupt, or interfere with meetings and/or proceedings, except as specifically permitted by the hearing procedures outlined below.

The University will place a temporary administrative hold on a respondent's transcript pending the completion of the Disciplinary Resolution process. If a respondent withdraws while the investigation is pending, Texas law requires that the University proceed with the investigation and resolution process.

The Title IX Coordinator will appoint one or more investigators to conduct a prompt, thorough, fair, and impartial investigation. The investigator may be a University employee and/or an experienced external investigator. Any investigator used by the University will receive annual training on the issues related to sexual and gender-based harassment, sexual assault, dating violence, domestic violence, and stalking, and on how to conduct an investigation that is fair and impartial, provides parties with notice and a meaningful opportunity to be heard, and protects the safety of complainants while promoting accountability. The investigator will be impartial and free from conflict of interest or bias.

During an investigation, the investigator will seek to meet separately with the complainant, respondent, and relevant witnesses. The investigator will also gather other relevant information or evidence, including documents, photographs, communications between the parties, medical records (if voluntarily provided by a party), and other electronic records as appropriate. The respondent is presumed not responsible for the alleged policy violation(s), and the investigator will not make a determination regarding responsibility.

The investigator will review all information identified or provided by the parties and will determine the appropriateness, relevance, and probative value of the information developed or received during the investigation. In general, the investigator will not consider statements of personal opinion or statements as to any party's general reputation for any character trait.

In conjunction with the provision of a preliminary investigative report prepared by the investigator, the investigator or designee will provide each party with an equal opportunity to review any evidence obtained as part of the investigation that is directly related to the allegations raised, including the evidence upon which the University may not rely in reaching a determination regarding responsibility and/or which the investigator does not deem relevant, and inculpatory or exculpatory evidence whether obtained from a party or other source, so that each party can meaningfully respond to the evidence prior to conclusion of the investigation.

The complainant and the respondent will have an opportunity to concurrently review such information and may, within 10 calendar days, submit a written response to the investigator. The parties' written responses will be considered by the investigator prior to completion of the investigative report, and some or all of the responses may be attached or otherwise incorporated into the investigative report. In the event that new, relevant information is provided or identified at this stage, the information will be incorporated into the investigative report as deemed appropriate by the investigator.

When deemed appropriate by the investigator, the investigator will prepare a final investigative report, which will fairly summarize relevant evidence and include as exhibits evidentiary materials as deemed appropriate by the investigator. The parties may provide a written response to the investigative report within ten calendar days of the issuance of the final investigative report.

A hearing will be scheduled no earlier than ten days after the issuance of the final investigative report. The investigative report and the parties' written responses, if any, will be provided to the hearing officer in advance of the hearing. Hearings will be presided over by a hearing officer, who will make the decision by a preponderance of the evidence as to whether or not the respondent violated the policy provisions at issue. The hearing officer has broad authority to determine the process, timing and conduct of a hearing. Each party may have an advisor of their choice present at a hearing for the limited purpose of conducting cross-examination on behalf of that party. Advisors may be, but are not required to be, attorneys. If a party does not have an advisor of their choice present at a hearing, the University will without fee or

charge to the party provide an advisor of the University's choice, again for the limited purpose of conducting cross-examination on behalf of that party. Within fifteen business days after the hearing, the hearing officer will prepare and issue a written determination regarding responsibility and any sanctions.

For additional details about the investigation and hearing processes, please review the complete SIM Policy.

**DISCIPLINARY RESOLUTION PROCEDURES  
WHEN THE RESPONDENT IS A FACULTY OR  
STAFF MEMBER**

When the Title IX Coordinator receives a report that a member of the faculty or staff violated this policy, the Title IX Coordinator will work with the Provost's Office and/or Human Resources to investigate in a manner consistent with the SIM policy, Baylor personnel policies, and all applicable law. The resolution process will follow the procedures for student respondent cases outlined above. The Title IX Coordinator will have the authority to exercise oversight of the resolution process.

**Rights of Appeal**  
.....

Either party may file an appeal from a determination regarding responsibility on the following grounds:

- a. Procedural irregularity that affected the outcome of the matter;
- b. New evidence that was not reasonably available at the time the determination regarding responsibility or dismissal was made, that could affect the outcome of the matter;
- c. The Title IX Coordinator, investigator(s), or decision-maker(s) had a conflict of interest or bias for or against complainants or respondents generally or the individual complainant or respondent that affected the outcome of the matter; and/or
- d. The decision of the decision-maker was arbitrary or capricious.

An appeal must be submitted in writing to the Title IX Coordinator no later than seven calendar days after the date on which the University transmitted the hearing officer's written determination to the parties. The appellate officer will not be the same person as the hearing officer, the investigator, the Title IX Coordinator, or a person who made a decision to dismiss a formal complaint. The University will notify the other party in writing when an appeal is filed and implement appeal procedures equally for both parties. The other party may then have a period of five business days to submit a statement in support of the written determination and/or in opposition to the appeal. Any such statement will be shared with the party who filed the appeal and their advisor.

The appellate officer will issue a written decision describing the result of the appeal and the rationale for the result, and the University will provide the written decision simultaneously to both parties. The appellate officer's decision on any appeal is

the final step in the adjudication process, except as provided in such decision.

The appellate officer may deny the appeal, or if one or more of the appeal grounds have been met, may:

- return the case to the original hearing officer for reconsideration; or
- appoint an Alternate hearing officer to review the case; or
- change or modify the decision.

It is the responsibility of the appellate officer to determine which if any aspects of the case merit a new review, and to direct the Title IX Coordinator accordingly. The decision made by the appellate officer to grant or deny the appeal is final. If an appeal is granted, the subsequent determination and/or sanction is/are final.

## ADAPTABLE RESOLUTION PROCEDURES

Adaptable Resolution is a voluntary and remedies-based option. Adaptable Resolution may be pursued instead of Disciplinary Resolution at the request and agreement of both parties and as deemed appropriate by the University. The Title IX Coordinator will assess the request for Adaptable Resolution in light of factors such as, but not limited to, the stated goals of the requesting party, the severity of the alleged violation, and the potential risks to

campus community members posed by the reported misconduct. Parties engaged in Disciplinary Resolution may also request to end Disciplinary Resolution and begin Adaptable Resolution at any time prior to the Hearing Officer's written determination regarding responsibility being shared with the parties. The University will only proceed with Adaptable Resolution if both parties provide their voluntary written consent. Adaptable Resolution may include, but is not limited to, one or more of the following approaches: Restorative Justice Conference, Restorative Justice Circle, Facilitated Conversation, Mediation, and Shuttle Communication.

Participation in Adaptable Resolution is voluntary, and either (or any) party can request to end Adaptable Resolution at any time prior to signing a written Adaptable Resolution agreement. Additionally, the Title IX Coordinator can end Adaptable Resolution if the Coordinator determines it is no longer the appropriate avenue for resolution of a given report. If Adaptable Resolution is stopped prior to completion, information that is shared with or documented by the facilitator of the Adaptable Resolution will not be shared with the investigator, in the event that Disciplinary Resolution is initiated or resumed. A party's willingness to participate in Adaptable Resolution will not be considered as evidence in Disciplinary Resolution. The University will not compel a party to engage in any particular form of Adaptable Resolution.

The Equity Office will maintain records of all reports and conduct referred for Adaptable Resolution, which will typically be completed within 60 calendar days of the agreement to begin Adaptable Resolution.

While the University will seek to honor confidentiality of the parties' communications with the facilitator during the Adaptable Resolution process to the extent necessary to facilitate the resolution, the University may share information discussed or created during this process, for example without limitation to a judicial subpoena or a FERPA educational record request. However, if the respondent is found responsible for any violations of the SIM policy in the future, information regarding the prior report processed through Adaptable Resolution may be used in the sanctioning phase for the subsequent report, provided that the respondent is granted the opportunity to address the prior report as well. If Adaptable Resolution is stopped prior to completion, statements made by a party in adaptable resolution may not be used in a Disciplinary Resolution process related to that matter.

The matter will be deemed resolved if and when the parties expressly agree in writing to an outcome that is acceptable to them and which is approved by the Title IX Coordinator (in consultation with other appropriate University administrators as deemed necessary). A party may withdraw from the Adaptable Resolution process at any time prior to signing a written Adaptable Resolution agreement. Upon signing a resolution agreement, neither party may initiate a Disciplinary Resolution process regarding the same factual allegations, and the parties agree to comply with the terms of the resolution agreement. Failure to comply with a resolution agreement, once signed and approved, may result in disciplinary consequences, which may include the University placing an appropriate hold on the student's account until the terms of the agreement are met, or employment discipline up to and including termination.

## **RANGE OF PENALTIES AND OTHER REMEDIES UNDER THE SIM POLICY AND DISCIPLINARY PROCEDURES**

Members of the University community may be subject to disciplinary penalties for violating the SIM Policy.

### **ADDITIONAL FORMS OF SUPPORT**

Regardless of whether a policy violation is found to have occurred in a particular case, the University may implement non-punitive, non-disciplinary administrative measure such as, for example, no contact directives and/or reasonable restrictions from certain University premises, at any time after a matter is reported, if the University determines that doing so is in the best interests of a party, both parties and/or the University.

### **SANCTIONS**

Where there is a finding of responsibility, the hearing officer may impose one or more sanctions. Sanctions may include any of the sanctions that are listed below or set forth for violations of the University's Student Conduct Code (see below).

The SIM Policy prohibits a broad range of conduct, all of which is serious in nature. In keeping with the University's commitment to foster an environment that is safe, inclusive, and free from discrimination and harassment, the hearing officer has great latitude in the imposition of sanctions tailored to the facts and circumstances of each report, the impact of the conduct on the complainant and surrounding community, and accountability for the respondent. The imposition of sanctions is designed to eliminate prohibited conduct, prevent its recurrence, and remedy its effects, and restore or preserve the complainant's equal access to the University education programs or activities, while supporting the University's educational mission. Sanctions may include educational, restorative, rehabilitative, and punitive components. Some conduct, however, is so egregious in nature, harmful to the individuals involved, and/or so deleterious to the educational process that it requires severe sanctions, including suspension or expulsion.

In determining the appropriate sanction, the hearing officer may consider factors including but not limited to the following:

- the nature and violence of the conduct at issue;
- the impact of the conduct on the complainant;
- the impact or implications of the conduct on the community or the University;
- prior misconduct by the respondent, including the respondent's relevant prior discipline or criminal history, (if available);
- maintenance of a safe and respectful environment conducive to learning;
- protection of the University community; and
- any other mitigating, aggravating, or compelling circumstances in order to reach a just and appropriate resolution in each case.

Sanctions may be imposed individually or in combination.

## **SANCTIONS APPLICABLE TO STUDENTS**

For violations of the SIM Policy by students, the following sanctions, listed in order of severity, may be imposed.

**WARNING** A formal admonition which appears in an individual's permanent disciplinary record.

**DISCIPLINARY PROBATION** A more serious admonition may be assigned for a definite period of time. Findings of misconduct that resulted in disciplinary probation may be considered in determining subsequent sanctions, even if the probation period has ended. Any future violation may be grounds for more severe sanctions including suspension, suspension with conditions, or, in especially serious cases, expulsion from the University.

**RESTITUTION** Requirement to reimburse or otherwise compensate another and/or the University for damage or loss of property resulting from a student's misconduct. Common assessment or group billing may be made to students in a residence hall for damages occurring in common areas shared by groups of residents (determinations about whether and to what extent that will occur are made by the University's residence life administrators, not through the procedures provided in the Student Conduct Code).

## **RESIDENTIAL OR OTHER FACILITIES RESTRICTIONS OR REMOVAL**

Restriction or removal from residence halls or other campus facilities as designated in the written notification. The Campus Living & Learning contract fee will not be refunded to a student who is evicted from the residence halls.

**WITHHOLDING OF DEGREE** In cases involving seniors or graduate students in their final semester, the University may withhold a student's Baylor degree for a specified period of time. This penalty is imposed instead of suspension at the end of senior year or final year of graduate study when all other degree requirements have been met. Degrees may also be withheld indefinitely when all other degree requirements have been met. The sanction of withholding a degree may also occur if an expulsion-level offense occurs after all other degree requirements have been met but before the degree is conferred.

**SUSPENSION** Student status at the University may be terminated for a specified period of time. Relevant information remains on the student's permanent disciplinary record at the University and may be disclosed by the University when the student consents in writing or as otherwise required by law.

**SUSPENSION WITH CONDITIONS** Student status at the University may be terminated for at least the period of time specified by the suspension, with the suspension to continue until certain conditions, stipulated by the officer or panel applying this penalty, have been fulfilled. These conditions may include, but are not limited to, restitution of damages, and formal apology.

**EXPULSION** This is permanent termination of student status at the University without any opportunity for readmission to the community. Relevant information remains in the student's permanent disciplinary record at the University and may be disclosed by the University when the student consents in writing or as otherwise required or permitted by law.

The following may accompany the preceding sanctions, as appropriate:

**COMMUNITY SERVICE** Community service up to 10 hours per week may be added to disciplinary probation for a portion or duration of the probationary period or following a warning.

**RESTRICTION OF ACCESS TO SPACE, RESOURCES, AND ACTIVITIES** When appropriate, restrictions may be placed on access to space and/or resources or on participation in activities so as to limit opportunities for contact between the parties.

**EDUCATIONAL PROGRAMS** In addition to any of the penalties listed above, a student may be required to participate in educational programs.

The following sanction may be applied in cases where the respondent is a University employee:

## **PROVOST'S OFFICE OR HUMAN RESOURCES OFFICE**

**DISCIPLINARY PROCESSES:** In cases where the respondent is a University employee, in accordance with the University policies

and procedures, the sanctions will be determined by the Provost's Office or Human Resources.

The fact that these additional outcomes are listed here as examples does not limit the University's ability to issue interim or administrative measures such as restriction of access to space, resources and activities, and/or no contact directives at its discretion even where no policy violation has been investigated or charged, and/or where no policy violation has been found.

## **OTHER INFORMATION ABOUT SANCTIONS**

Sanctions will be suspended during the period of any appeal, in a manner that preserves both the respondent's rights and the University's ability to carry out the sanctions as determined by the hearing officer. In cases adjudicated prior to the last day of classes, if the final sanction is separation from the University (i.e., suspension, suspension with conditions, or expulsion), the granting of credit for the semester and/or the awarding of a degree will be at the discretion of the hearing officer.

A student who is suspended or expelled for a violation of this policy will have the notation "Ineligible to Reenroll" placed on his or her academic transcript. On request by the student, the University may remove the notation from the academic transcript if (1) the student is eligible to reenroll, or (2) the University determines that good cause exists to remove the notation. Such requests should be directed to the Title IX Coordinator in writing. The removal of the notation from the academic transcript shall not require the University to make any modification to the student's disciplinary records at the University.

## **SANCTIONS APPLICABLE TO FACULTY AND STAFF MEMBERS**

Sanctions will be communicated to the parties, as appropriate, in writing by the hearing officer. The notification will include the parties' rights of appeal within the bounds of this process.

The disciplinary action resulting from the sanction "Provost's Office or Human Resources Office Disciplinary Processes" will be determined for staff by the Vice President for Human Resources and for faculty members under the process outlined by the disciplinary policy for that faculty member, or if none exists, the Provost. The disciplinary action may include (in accordance with the employment policies governing the employee in question) counseling or training, written warning, financial penalty, unpaid leave of absence, suspension, demotion, reassignment of duties, or termination. Disciplinary action will be determined based on the seriousness of the misconduct and on the individual's prior disciplinary history, if any. Complainants will only receive information about such disciplinary action when appropriate and/or required by law.

## SEX OFFENDER REGISTRATION – CAMPUS SEX CRIMES PREVENTION ACT, MEGAN’S LAW, & THE ADAM WALSH CHILD PROTECTION AND SAFETY ACT

Section 121 of the Adam Walsh Child Protection and Safety Act of 2006 (42 U.S.C. 16921) provides for the tracking of registered sex offenders and instructs states to post sex offender data on the internet.

Members of the public may request information concerning sexually-violent predators in a particular community

by visiting Texas Public Sex Offender Registry at <https://publicsite.dps.texas.gov/SexOffenderRegistry>

## STUDENT CONDUCT

### The Student Conduct Code

Student Conduct Administration is responsible for administering the Student Conduct Code, which articulates the behavioral standards and the equitable procedures employed by the University to respond to allegations of student misconduct.

The Student Conduct Code is applied at all University campuses on University property and may also address off-campus student misconduct that detracts from the Christian witness Baylor strives to present to the world and hinders full accomplishment of the mission of the University.

Students who are found responsible for violations may be subject to sanctions ranging from Disciplinary Warning, Disciplinary Probation, up to Suspension or Expulsion from the University. Students residing in University housing may also lose the privilege of living on campus for violating University rules and/or regulations or conditions of the housing contract.

In most cases, Student Conduct Administration will also assign developmental and educational interventions designed to promote greater awareness of University expectations and improved decision-making for students and to further deter future misconduct.

The University will, upon written request, disclose to an alleged victim of a crime of violence or non-forcible sexual assault the report of the results of any disciplinary proceeding conducted by the University.

In instances where there is reasonable cause to believe a student is an immediate threat to the safety of other persons or property or is an immediate threat to disrupt essential campus operations, Student Conduct Administration may impose interim measures and/or other actions, designed to protect the health and safety of the community and members therein.

Student Conduct Administration is also responsible for conducting pre-admission reviews for prospective students who have disclosed through the admission process previous disciplinary actions at other institutions and re-enrollment reviews under the University’s reactivation process for returning students.

Any individual or entity may submit reports alleging student misconduct to the Student Conduct Administration office or designee at the campus where the incident occurred.

Student Conduct Administration also provides outreach programming when requested and distributes information through the Baylor website to educate students about Baylor community expectations and Student Policies and Procedures. Baylor University is obligated to provide all students with access to University’s regulations, policies, and procedures governing student conduct. Baylor University student policies and procedures, including the Student Conduct Code and the Parental Notification Policy, are published on the Student Policies and Procedures website.

If you have additional questions, regarding how to access these policies, please contact Student Conduct Administration at (254) 710-1715 or [student\\_conduct@baylor.edu](mailto:student_conduct@baylor.edu).

### PARENTAL NOTIFICATION POLICY

The University reserves the right to report certain student discipline information to the parents or legal guardians of students.

Federal legislation authorizes Baylor University to disclose disciplinary records concerning violations of the University’s rules and regulations governing the use or possession of alcohol or controlled substances that involve students who are under the age of 21 regardless of whether the student is a dependent.

The University’s Policy on Education Records Pursuant to the Family Educational Rights and Privacy Act of 1974, including information on Parental Notification, may be viewed at this link: <https://www.baylor.edu/risk/doc.php/343042.pdf>

## MISSING STUDENT NOTIFICATION POLICY

The Clery Act requires institutions that maintain on campus housing facilities to establish a missing student notification policy and related procedures (20 USC 1092 (j) Section 488 of the Higher Education Opportunity Act of 2008).

When it is determined that a residential student is missing from the main campus or the Baylor in New York campus, staff at these campuses, in collaboration with the appropriate local law enforcement agency, will be guided by Baylor's Missing Persons Reporting Requirements Policy.

### Provisions

---

When a University student is thought to be missing from the campus, faculty or staff should be promptly notified. Specifically, the Baylor Police Department (BUPD) will collaborate with Spiritual Life, Campus Living & Learning, the Vice President for Student Life, the Associate Vice President for Student Life, and the Student Life Senior Case Manager to locate the student. These individuals have the authority and the responsibility for leading the efforts made by the University to assist the student and the student's family.

The appropriate Student Life representative, or other individual (including the branch campus administrators), upon learning that a student has been missing for more than 24 hours, will file a formal missing student report. At the main campus, BUPD must be notified. For the Baylor in New York Program, campus administrators will notify BUPD and the New York City Police Department.

On a semester basis, residential students will be put on notice, that they have the option to designate an individual to be contacted by Baylor University administration within 24 hours from the time that Baylor University determines the student is missing. Baylor University provides each student with the means and opportunity to register their confidential Missing Student contact information by logging into the Bear web link at <https://bearweb.baylor.edu/> and filling out the Address and Contact Information form. This information is only accessible to University employees who are authorized campus officials and this information will not be disclosed to others with the exception of law enforcement personnel. This information shall not be used except in the furtherance of a missing student investigation.

In accordance with the Baylor University's Missing Persons Reporting Requirements Policy, it should be noted that Baylor University notifies each student who is under 18 years of age (and not an emancipated individual), that Baylor University is required to contact the student's parents or guardian in addition to the person identified as the missing student's contact person.

This contact will be made within 24 hours from the time that the student is determined to be missing.

In accordance with Baylor University's Missing Persons Reporting Requirements Policy, it should be noted that Baylor University will inform each residential student that Baylor University will notify

the appropriate local law enforcement agency or campus security department when a student has gone missing, unless the local law enforcement agency was the entity that made the determination that the student was missing. This notification will be made within 24 hours from the time that the student is determined missing.

If BUPD has been notified that a student has gone missing, and makes a determination that a student who is the subject of a missing person report has been missing for more than 24 hours, BUPD will initiate emergency contact procedures as outlined in Baylor University's Missing Persons Reporting Requirements Policy. BUPD will activate the appropriate procedures immediately if, during the missing student investigation, it is substantiated the student is missing under suspicious circumstances.

Baylor University's Missing Persons Reporting Requirements Policy include the following:

- Communication procedures for official notification of appropriate individuals at the University that a student has been missing for more than 24 hours.
- All faculty and staff, except Campus Living & Learning (CL&L), who receive a report of a missing person should immediately report to the BUPD. This includes any student living in on-campus housing, as well as any housing managed by Baylor University's Campus Living & Learning Department.
- Upon a report of a missing residential student, CL&L staff will conduct a preliminary inquiry and notify BUPD if the inquiry indicates the student is missing or remains missing for 24-hours.
- If through investigation of an official report, the BUPD determines a student has been missing for more than 24 hours, or if during the missing student investigation it is substantiated the student is missing under suspicious circumstances, they will immediately:
  - » Notify the local police.
  - » Contact those individuals provided by the student, as their missing student contact person.
  - » If a student is under 18 years of age, and not an emancipated individual, immediately contact the custodial parent(s) or legal guardian(s) of the student, in addition to the student's missing student contact person.
- Reports can be referred immediately to the Baylor Police Department by calling (254) 710-2222.

## Policy Statement on Alcohol and Other Drugs

Federal law requires Baylor University to notify annually all faculty, staff, and students of the following:

Baylor University (“Baylor” or the “University”) prohibits individuals covered by this policy from engaging in unlawful behavior associated with a Controlled Substance, Controlled Substance Analogue, Dangerous Drug, Drug Paraphernalia, or alcohol on or off Baylor property. Baylor also prohibits individuals covered by this policy from possessing, using, distributing or being under the influence of an alcoholic beverage while on the Baylor University campuses (including all extension campuses.)

Law and Baylor University (“Baylor” or the “University”) policy prohibit the unlawful manufacture, possession, use, sale, transfer, or purchase of a Controlled Substance, a Dangerous Drug, a Controlled Substance Analogue, or Drug Paraphernalia on or off the Baylor property or as part of any of Baylor’s activities, or attempt to engage in any such prohibited behavior.

Law and Baylor policy prohibit the unlawful manufacture, possession, use, sale, transfer, or purchase of alcohol on or off Baylor property or as part of any of Baylor’s activities, or attempt to engage in any such prohibited behavior.

It is also a violation of Baylor policy for anyone to manufacture, possess, use, sell, transfer, purchase, or be under the influence of an Alcohol Beverage on Baylor property (including all extension campuses) or in the course and scope of duties unless otherwise permitted under this policy, or attempt to engage in any such prohibited behavior.

Consumption or use of Alcoholic Beverages off campus or at an off-campus University related activity is discussed below.

Spiritual, intellectual, emotional, physical, and social development have their greatest growth free from the unlawful manufacture, distribution, dispensation, possession, or use of a Dangerous Drug, Controlled Substance, and/or Alcohol Beverage. This policy is implemented in compliance with federal, state, and local laws, to include the Drug-Free Workplace Act of 1988, the Drug-Free Schools and Communities Act Amendments of 1989, and implementing regulations. As a first step toward reaching its policy goals, the University makes every effort to seek full compliance with University policy and federal, state, and local laws and ordinances; to discourage the unlawful use of alcohol; to promote sobriety; to provide social and recreational alternatives to the use of alcohol and other drugs; and to offer confidential, effective, and redemptive assistance to employees and students who seek help for substance addiction problems, while focusing on the development of a comprehensive program of nonresidential services.

Because the University is committed to a caring relationship among its students, staff, faculty, administrators, and regents—a caring that is characterized by understanding, forgiveness, and respect for individuality—its disciplinary procedures are intended to be constructive and redemptive. For students who seek help for substance misuse problems, complete confidentiality will be strictly observed to the limit of the law. Insofar as federal and state statutes and professional ethical standards permit, no professional on the Baylor counseling or medical staff will in any way notify the administration of the name of a specific student who comes for assistance for substance misuse or any other type problem, and no records will be forwarded to the administration regarding the services or the problem.

Baylor will impose disciplinary sanctions on students and employees (consistent with local, State, and Federal law) up to and including student-expulsion or employment termination and referral for prosecution, for violations of the standards of Federal, State, or local laws on matters covered in this Policy.

*This Policy does not create a contractual obligation on behalf of the University toward any individual or entity, including without limitation students, contractors, faculty, staff, or visitors.*

### A. STUDENT PROVISIONS RELATED TO ALCOHOL

In addition to the principles articulated above, students are advised that it is a violation of University policy for a student to manufacture, possess, use, sell, transfer, purchase or be under the influence of an alcoholic beverage on any Baylor campus or at an off campus University-related activity, or attempt to engage in any such prohibited behavior.

Any student violating this policy is subject to disciplinary action ranging from warning to expulsion.

### B. EMPLOYEE PROVISIONS RELATED TO ALCOHOL

In addition to the principles articulated above, employees are advised that it is a violation of University policy for an employee to manufacture, possess, use, sell, transfer, purchase, or be under the influence of an alcoholic beverage on any Baylor campus or attempt to engage in any such prohibited behavior.

Further, employees are advised that it is a violation of University policy for an employee to manufacture, possess, use, sell, transfer, purchase, or be under the influence of an alcoholic beverage at an off-campus University-related activity, or attempt to engage in any such prohibited behavior, unless the specific behavior involving alcohol has been preapproved according to University procedures. Vice Presidents may identify approval procedures for their area of responsibility and should an employee have questions regarding the approval may reach out to Human Resources for clarification.

The use of alcohol at an authorized University-related function or in the course of official University business that adversely affects job performance or may adversely affect the health or safety of any other person is prohibited. Employees should exhibit responsible behavior and good judgment when representing Baylor University at functions sponsored by another organization where alcohol is served.

A Baylor employee arrested or charged in relation to a workplace violation of a criminal drug or alcohol sanction shall notify the Human Resource Services Office within the first business day of an arrest or charge, whichever is first. If a Baylor employee who is directly involved in the performance of any federal grant or in the performance of a federal contract exceeding \$100,000 is convicted of a workplace violation of a criminal drug or alcohol statute, the University's Human Resource Services Office shall notify the appropriate federal granting or contracting agency of the conviction within 10 days after the University receives notification of the conviction.

More information concerning alcohol and drug awareness programming is available by contacting the Department of Student Care and Well-Being at 254-710-2100, or by visiting [www.baylor.edu/wellness](http://www.baylor.edu/wellness).

The Drug-Free Schools and Communities Act requires that Baylor notify each student and employee annually of its programs to prevent the illicit use of drugs and the misuse of alcohol by students and employees. Baylor University has a number of programs to combat the misuse and addiction of alcohol and other chemical substances.

Information relating to these programs is available at [www.baylor.edu/risk/index.php?id=977865](http://www.baylor.edu/risk/index.php?id=977865).

## Health Risks Associated with Drug and Alcohol Use

---

### A. DRUGS

Narcotics including opioids such as hydrocodone, oxycodone, heroin, and fentanyl can cause euphoria, drowsiness, respiratory depression, constricted pupils, and nausea. The symptoms of an overdose of narcotics are slow and shallow breathing, clammy skin, convulsions, coma, and possible death. Persons experiencing withdrawal from addiction to narcotics can experience watery eyes, runny nose, yawning, loss of appetite, irritability, tremors, panic, cramps, nausea, chills, and sweating.

Depressants such as barbiturates and benzodiazepines (Xanax, etc.) can cause slurred speech, disorientation, and drunken behavior. An overdose of a depressant results in shallow respiration, clammy skin, dilated pupils, weak and rapid pulse, coma, and possible death. Withdrawal symptoms include anxiety, insomnia, tremors, delirium, convulsions, and possible death.

Stimulants such as amphetamines, methylphenidate, and cocaine (or its derivative, crack cocaine) can cause increased alertness or euphoria, an increased pulse rate and blood pressure, insomnia, and loss of appetite. An overdose of stimulants results in agitation, anxiety, an increase in body temperature, hallucinations, convulsions, and possible death. Withdrawal symptoms include apathy, long periods of sleep, irritability, depression, and/or disorientation.

Hallucinogens such as LSD, mushrooms or psilocybin, and club or "designer drugs" cause illusions and hallucinations and poor perception of time and distance. The effects of an overdose include psychosis and possible death.

Marijuana, THC infused edibles, and hashish can cause euphoria, increased appetite, relaxed inhibitions, and disoriented behavior. The effects of an overdose include fatigue, paranoia, and possible psychosis. Withdrawal symptoms include insomnia, hyperactivity, difficulty with attention, cannabinoid hyperemesis syndrome, and decreased appetite.

## B. ALCOHOL

Alcohol consumption may cause a number of changes in behavior. Even low doses significantly impair the judgment and coordination required to drive a car safely, increasing the likelihood that the driver will be involved in an accident. Low to moderate doses of alcohol also increase the incidence of a variety of aggressive acts, including spouse and child abuse. Moderate to high doses of alcohol cause marked impairments in higher mental functions, severely altering a person's ability to learn and remember information. Very high doses cause respiratory depression and death. If combined with other depressants of the central nervous system, much lower doses of alcohol will produce the effects just described.

Repeated use of alcohol can lead to dependence. Sudden cessation of alcohol intake is likely to produce withdrawal symptoms, including severe anxiety, tremors, hallucinations, convulsions, or potentially delirium tremens. Alcohol withdrawal can be life threatening. Long-term consumption of large quantities of alcohol, particularly when combined with poor nutrition, can also lead to permanent damage to vital organs such as the brain and the liver.

Mothers who drink alcohol during pregnancy may give birth to infants with fetal alcohol syndrome. These infants have irreversible physical abnormalities and mental retardation. In addition, research indicates that children of alcoholic parents are at greater risk than other children of becoming alcoholics.

## Counseling and Treatment Resources

- A. The following services are available through Baylor Counseling Center for students wanting to explore resources for alcohol/substance use.
- Initial Assessment
  - Goal Directed individual counseling
  - Consultations
  - Specialized Case Management Services

Students may obtain the above services on a confidential basis by either calling Counseling Services at (254) 710-2467 or arranging for an appointment.

- B. The Beauchamp Addiction Recovery Center also provides services such as peer-recovery support and naloxone distribution to students who believe they have substance misuse problems. The services primarily focus on recovery and helping students maintain sobriety. Students may obtain services by calling the BARC at (254) 710-7089.

- C. In addition to the counseling services available through the Counseling Center located on Baylor's main campus, students also have access to counseling and medical services via telehealth through [baylor.academiclivecare.com](http://baylor.academiclivecare.com). Crisis support is available 24/7 and counseling appointments are available evenings, weekends, and when the university is closed.
- D. Similar services are available to employees. Baylor University offers an Employee Assistance Program which offers counseling and other services to full time faculty and staff (and their household family members). The phone number for the EAP is (888) 628-4844. Additional services can be found in the resources section of this report and may be covered under the Baylor group health insurance program.

## UNIVERSITY SANCTIONS

A student or employee found guilty of noncompliance with the Baylor University Policy on Alcohol and Other Drugs is subject to sanctions commensurate with the offenses and any aggravating and mitigating circumstances.

### A. STUDENTS

Sanctions that may be imposed against a student are found in the Student Conduct Code at this link:

[www.baylor.edu/risk/doc.php/343049.pdf](http://www.baylor.edu/risk/doc.php/343049.pdf).

A student who is found to have engaged in misconduct is subject to one or more of the following sanctions or other sanctions deemed appropriate by the sanctioning officer or sanctioning panel (sanctions may be combined at the discretion of the sanctioning officer or panel). Sanctions may be elevated in cases where there is evidence that the misconduct was motivated by bias against Protected Characteristics (as defined in Baylor Civil Rights Policy and Procedures for students). Relevant information about an individual's disciplinary record at the University remains on the student's disciplinary record at the University and may be disclosed by the University when the student consents in writing or as otherwise required or permitted by law. The Vice President for Student Life is informed when a sanction of suspension or expulsion is imposed.

A. Warning: A formal admonition, which appears in an individual's disciplinary record at the University.

B. Disciplinary Probation: A more serious admonition may be assigned for a definite period of time. Findings of misconduct that resulted in disciplinary probation may be considered in determining subsequent sanctions, even if the probation period has ended. Any future violation may be grounds for more severe sanctions, including suspension, suspension with conditions, or, in especially serious cases, expulsion from the University.

C. Restitution: Requirement to reimburse or otherwise compensate another and/or the University for damage or loss of property resulting from a student's misconduct. Common assessment or

group billing may be made to students in a residence hall for damages occurring in common areas shared by groups of residents (determinations about whether and to what extent that will occur are made by the University's residence life administrators, not through the procedures provided in the Student Conduct Code).

**D. Residential or Other Facilities Restrictions or Removal:**

Restriction or removal from residence halls or other campus facilities as designated in the written notification. The Campus Living & Learning contract fee will not be refunded to a student who is evicted from the residence halls.

**E. Withholding of Degree:** In cases involving seniors or graduate students in their final semester, the University may withhold a student's Baylor degree for a specified period of time. This penalty is imposed instead of suspension at the end of senior year or final year of graduate study when all other degree requirements have been met. Degrees may also be withheld indefinitely when all other degree requirements have been met. The sanction of withholding a degree may also occur if an expulsion-level offense occurs after all other degree requirements have been met but before the degree is conferred.

**F. Suspension:** Student status at the University may be terminated for a specified period of time.

**G. Suspension with Conditions:** Student status at the University may be terminated for at least the period of time specified by the suspension, with the suspension to continue until certain conditions, stipulated by the officer or panel applying this penalty, have been fulfilled. These conditions may include, but are not limited to, restitution of damages and formal apology.

**H. Expulsion:** This is permanent termination of student status at the University, without any opportunity for readmission. Relevant information remains in the student's disciplinary record at the University and may be disclosed by the University when the student consents in writing or as otherwise required or permitted by law.

**I. Additional Outcomes:** The following examples are not exclusive or all-inclusive but are intended to provide some examples of the types of outcomes that may accompany the preceding sanctions, as appropriate:

- **Community Service:** Community service up to 10 hours per week may be added to disciplinary probation for a portion or duration of the probationary period or following a warning.
- **Restriction of Access to Space, Resources, and Activities:** When appropriate, restrictions may be placed on access to space and/or resources or on participation in activities so as to limit opportunities for contact between the parties.
- **Educational Programs:** In addition to any of the sanctions listed above, a student may be required to participate in educational programs.
- **No Contact Directives:** No contact directives may be imposed as an administrative matter (but not necessarily a sanction) when the University determines that doing so is in the best interests of an affected individual or individuals, and/or the best interests of the University.

The fact that these additional outcomes are listed here as examples does not limit the University's ability to issue interim or administrative measures such as restriction of access to space, resources and activities, and/or no contact directives at its discretion even where no Student Conduct Code or other policy violation has been investigated or charged, and/or where no policy violation has been found.

If there is a conflict between this policy and the Student Conduct Code, the Conduct Code will prevail. Other policies, e.g., Department of Athletics, Student-Athlete Handbook, may add additional restrictions or requirements that are consistent with this policy.

## **B. EMPLOYEES**

A Baylor employee who violates this policy is subject to discipline by the university, up to and including termination. Such discipline may include required participation in a drug abuse assistance or rehabilitation program or termination from employment. If there is a conflict between this policy and other Baylor policies on employees, such as the Drug-Free Workplace Policy, this policy will prevail. Other policies may add additional restrictions or requirements that are consistent with this policy.

## **Additional Drug and Alcohol Misuse Education Programs**

---

### **ALCOHOLEDU**

Alcohol consumption goes hand in hand with any number of undesirable situations. Naturally, part of helping keep students from these situations is to educate them about alcohol. Each year, first time freshmen and transfer students are strongly encouraged to complete an online resource offered by Baylor, AlcoholEdu, a personalized online survey and course designed to help students consider their current behavior and attitudes toward alcohol, both in consumption and in being around others who may be drinking. AlcoholEdu was launched for incoming freshmen and transfer students to complete before arrival to campus.

There is also bystander information that goes hand-in-hand with the fight against sexual violence, as well as other situations that can arise with alcohol consumption. Students are taught through this program, and those regarding sexual violence, to watch out for friends and classmates and to help them avoid unsavory situations.

A research-based company produces AlcoholEdu, so they change their programs regularly with new research. The program quells myths about drinking and explains reality. The program equips students to recognize situations and intervene. This course helps them recognize how they can intervene.

After taking the initial course, students take a second part to see if intentions about alcohol have changed.

These programs through AlcoholEdu are designed to work in concert to help students make wise decisions.

# ANNUAL FIRE SAFETY REPORT

The Higher Education Opportunity Act enacted on August 14, 2008, requires institutions that maintain on-campus student housing facilities to publish an annual fire safety report that contains information about campus fire safety practices and standards of the institution. The following report details all information required by this act for Baylor University.

*The following terms are used within the report. Definitions have been obtained from the Higher Education Opportunity Act.*

**FIRE** Any instance of open flame or other burning in a place not intended to contain the burning or in an uncontrolled manner.

**ON-CAMPUS STUDENT HOUSING** A student housing facility that is owned or controlled by the institution or is located on property that is owned or controlled by the institution and is within a reasonable contiguous area that makes up the campus.

## Residence Hall Fire Drills

Fire drills are conducted in all on-campus residence halls at the beginning of each semester to allow occupants to become familiar with and practice their evacuation skills. These drills are coordinated between CL&L, and BUDPS.

## Fire Safety

Baylor University takes fire safety very seriously and continues to enhance its programs to the University community through education, engineering and enforcement. Educational programs are presented throughout the year to faculty, staff and students so they are aware of the rules and safe practices. These programs, which are available at all campus locations, include identification and prevention of fire hazards, actual building evacuation procedures and drills, specific occupant response to fire emergencies and hands-on use of fire extinguishers.

Automatic sprinkler systems and fire alarm systems are recognized engineered building features that help to provide for a fire safe living environment. All University operated residence halls are equipped with automatic sprinkler systems, smoke detectors and building fire alarm systems to provide early detection and warning of a possible fire emergency.

All fire alarms and automatic fire suppression systems are tested in accordance with the appropriate National Fire Protection Association Standard to ensure system readiness and proper operation in the event of a fire emergency.

The University has adopted and developed numerous Safety Policies and Guidelines to help promote a safe living and work environment at all University locations. The Fire Prevention Policy, which links

to additional fire safety guidelines can be accessed on this link: [www.baylor.edu/risk/doc.php/352238.pdf](http://www.baylor.edu/risk/doc.php/352238.pdf).

In addition, laboratory safety and evacuation plans are also part of the Environmental Health and Safety (EHS) mission. EHS is dedicated to maintaining the safety of our community by conducting annual inspections, plan reviews, and evacuation drills in all laboratories on main campus.

## Fire Safety Education and Training Programs for Students, Faculty and Staff

BUDPS (Emergency Management & Fire Safety), in coordination with Campus Living & Learning, provides annual training to Community Leaders (CLs), and Residence Hall Directors.

Topics addressed during this training include:

- Fire prevention in the residence hall
- What to do in the event of a fire
- How to report a fire or other emergency

Residence Hall Directors and CLs coordinate additional fire safety training and education programs for residence hall students.

Fire drills are conducted in all on-campus residence halls during the beginning of each semester to allow occupants to become familiar with and practice their evacuation skills. These drills are coordinated between CL&L, and BUDPS.

Other general safety and fire safety information is available to students, faculty and staff on the Environmental Health and Safety website ([www.baylor.edu/ehs/](http://www.baylor.edu/ehs/)) or at the BUDPS website ([www.baylor.edu/dps/](http://www.baylor.edu/dps/)).

## Fire Incident Reporting at Baylor Main Campus

Students, faculty and staff are instructed to report all fires to the BUPD by calling (254) 710-2222 or through the BU Guardian Campus app.

Non-emergency reports (e.g. evidence that something burned) should also be made to BUPD at (254) 710-2211.

## Fire Incident Reporting in New York

Students, faculty, and staff are instructed to call 911 to report a fire emergency.

Non-emergency reports should also be made to the campus administrator.

## Plans for Future Improvements in Fire Safety

---

Baylor University is committed to providing a gold standard fire safety program across campus through technology, prevention programs and partnerships with the City of Waco Fire Department. Baylor University Department of Public Safety and campus stakeholders, including Baylor Facilities Management, Risk Services, Environmental Health & Safety and Campus Living & Learning, continuously work together to improve fire monitoring, fire detection, fire notification, fire suppression systems, construction design into new or remodel building plans, and fire education and prevention opportunities throughout the year.

## Fire Evacuation Procedures for Baylor University Main Campus

---

### IN THE EVENT OF A FIRE

1. Pull the nearest fire alarm to evacuate the building. Leave the building immediately.
2. Report all fires to the BUPD at (254) 710-2222
3. If you hear the fire alarm, leave the building immediately. A fire nearby may not be noticeable by sight or smell. Everyone is expected to exit a building immediately upon hearing the fire alarm.
4. If possible, shut down any equipment or processes that could cause a secondary fire if left unattended.
5. Know your emergency exit routes and be prepared to use an alternate route if necessary. Do not use elevators. If you are trapped in the building, try to reach a point of refuge, such as a stairwell, or stay by a window and wave a white flag to attract the attention of emergency responders.
6. If possible, close doors and windows behind you on the way out to confine the fire.
7. Keep low if there is smoke.
8. On your way out, assist any mobility-impaired persons to a stairwell or other point of refuge if possible. Report their location to the emergency response personnel.
9. If you work in an area frequented by the public, announce that an evacuation has been ordered and ask people to exit the building. Healthy adults and young adults are expected to evacuate themselves upon hearing the fire alarm.

10. Once out of the building, assemble at the pre-designated assembly location(s). Do not block driveways or areas that may be used by emergency response personnel. An attempt should be made to account for any faculty, staff, and students known to have been in the building.
11. Notify emergency responders of any injuries and/or location of mobility-impaired or other persons trapped in the building.
12. Do not re-enter the building until the Waco Fire Department, BUPD, or other representative of the BUDPS has declared the building safe.

No one at Baylor University is required to fight a fire as a part of their responsibility. However, voluntary use of a fire extinguisher by personnel who are properly trained can save both lives and reduce property loss.

## WHAT IT MEANS TO EVACUATE

Evacuation means the movement of persons from a dangerous or potentially dangerous place to a safe place. Examples include the evacuation of a building due to a bomb threat or fire. In an extreme situation (e.g. a flood), large portions of, or the entire campus may be required to evacuate.

## HOW WILL I KNOW TO EVACUATE?

An evacuation notification may come from several sources, including the fire alarm system, BUPD, Campus Living & Learning Staff, other University employees, or other authorities utilizing the University's emergency communications tools.

## HOW TO EVACUATE

Immediately evacuate the facility upon hearing the alarm or other official announcement. Close office/classroom doors.. Use designated corridors and fire exit stairs that lead to ground level. Leave the building in an orderly manner. Do not use elevators. Assemble at the Evacuation Assembly Point(s). Follow instruction of emergency personnel. Report any individuals left in the building to personnel. Do not re-enter the building until emergency personnel give an "All Clear" announcement.

## EVACUATION ASSEMBLY POINTS

The point(s) (EAPs) to which all building occupants should report following a building evacuation. Most Evacuation Assembly Points are pre-identified locations, although specific incidents may require the EAP to relocate.

If knowledge of fire or cause of fire alarm is known, immediately contact the BUPD at (254) 710-2222 with information regarding the fire.
