

# Campus Facilities Use and Campus Solicitation Policy

## I. GENERAL PROVISIONS

*Rule 1.* What is the purpose of this statement?

This statement prescribes policies and procedures that govern use of campus facilities and solicitation upon or in campus facilities. Its purpose is to assure that the University will be able to preserve its status as a private forum and as a tax-exempt entity.

*Rule 2.* Who must comply with the statement?

Any enrolled student, faculty member, staff member or any other individual, campus organization, partnership, association, or corporation desiring to use campus facilities or to solicit upon or in campus facilities or solicit through the campus mail service must comply with this statement. This statement also applies to any official department of the University and to any party furnishing goods or services to the University under contract.

*Rule 3.* What gives Baylor this right to enforce the rules prescribed in the statement?

Baylor University is a private university controlled by an all-Baptist board of regents operated within the Christian-oriented aims and ideals of Baptists, and affiliated with the Baptist General Convention of Texas, a cooperative association of autonomous Texas Baptist churches. Accordingly, the campus is private property; and no party may enter or remain upon it without the consent of the University. Furthermore, no party may conduct or participate in an activity, including any facilities use or campus solicitation, that would embarrass or bring discredit to the Convention or to Baylor in the view of their constituencies.

*Rule 4.* Under what circumstances may a party who is subject to the statement use campus facilities?

Except as otherwise provided in this statement, a party may use campus facilities or solicit upon or in campus facilities only after obtaining, by appropriate application written permission from the University Committee on Facilities Use and Campus Solicitation (the Facilities Use and Campus Solicitation Committee).

*Rule 5.* What criteria will be applied in determining the permissibility of a proposed use of campus facilities or a proposed campus solicitation?

The proposed use or solicitation will be considered in light of the status of the University as a private forum and its status as a tax-exempt entity. More specifically, but not exclusively, the proposed use or solicitation must satisfy both of the following criteria:

1. The use or solicitation must integrate or accommodate the private aims of the University as a Christian institution of higher learning as those aims are specifically articulated from time to time. Any use or solicitation inconsistent with these aims will be excluded.
2. The use or solicitation must advance the education functions of the University or be at a minimum incidental, e.g., necessary and conducive to the educational functions of the University.

*Rule 6.* Are there restrictions that may be placed on facilities use or campus solicitation other than those prescribed in this statement?

The Facilities Use and Campus Solicitation Committee or its designee or any other party or division responsible for oversight of this statement or responsible for giving any permission under this statement may specify such additional rules or considerations as that party in his, her, or its sole discretion deems appropriate under the circumstances. Also, any use or solicitation must be in conformity with any applicable local, state, or federal ordinance, law, or regulation and must be in conformity with any other established and applicable University policy.

*Rule 7.* What procedure is to be followed to obtain permission for use or solicitation when permission is required under this policy?

Unless otherwise provided, an application by letter explaining the nature and character of the proposed use or solicitation shall be submitted as follows:

1. In the case of an enrolled student, faculty member, or staff member, or any other individual, campus organization, partnership, association, or corporation, the application shall be submitted to the Division of Student Life (Department of Student Activities) or the Division of Finance and Administration, as appropriate, depending on the nature of the proposed use or solicitation. The division shall forward each application to the Facilities Use and Campus Solicitation Committee or its designee for consideration and a decision.
2. In the case of an official department of the University or any party furnishing goods or services to the University under contract, the application shall be submitted to the Office of the University General Counsel. The Office of the University General Counsel, in consultation with the Vice President for Student Life, shall determine whether the application warrants consideration by the Facilities Use and Campus Solicitation Committee. As a general rule, the application will not be forwarded to the Facilities Use and Campus Solicitation Committee if the Office of the University General Counsel and the Vice President for Student Life determine that the proposed use or solicitation is to be done or conducted as part of official departmental activities or is within the scope of any contract that the party has with the University.
3. All off-campus requests for facilities usage and solicitations must be submitted to and coordinated by the University Host in the Dutton Avenue Office and Parking Facility, One Bear Place #97101, Waco, TX 76798-7101.
